EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2028	8.33
Santosh Junior College	Class XII (Maharashtra State Board Of Secondary And Higher Secondary Education)	2024	87.17%
S.B.O.A PUBLIC SCHOOL	Class X (Maharashtra State Board Of Secondary And Higher Secondary Education)	2022	97.60%

PROJECTS

ConsumerIQ -- Consumer Intelligence & Predictive Analytics Platform | *Python, Pandas, Seaborn,Scikit-learn, Streamlit, SHAP analysis*

- Engineered **30+ customer-level behavioral and demographic features** across **2,500 customers**, including RFM metrics, purchase frequency, spending, discount, coupon, and product-diversity indicators.
- Applied **K-Means clustering** to identify **4 actionable customer segments**, analyzing spending, engagement, recency, and campaign response to derive targeted marketing strategies.
- Developed and evaluated **Logistic Regression and Random Forest models** for campaign-response prediction; achieved **86.2% ROC-AUC and 58.6% recall** using a class-balanced Random Forest.
- Applied **SHAP**-based model interpretation, **feature importance**, and **segment-level response analysis** to explain campaign drivers and translate model outputs into actionable customer-targeting recommendations.

Get Me A Chai - Creator Crowdfunding Platform | *Next.js, Node.js, MongoDB, Razorpay*

- Developed a **full-stack crowdfunding platform** enabling creators to receive secure online contributions through personalized profile pages.
- Implemented **GitHub OAuth authentication** with role-based access using **NextAuth.js**.
- Built **RESTful APIs** using **Node.js, MongoDB, and Mongoose** to manage users and payment records.
- Integrated **Razorpay Payment Gateway** with payment verification and transaction history.
- Designed a responsive UI using **Next.js** and **Tailwind CSS**, and deployed the application on **Vercel** with **MongoDB Atlas**.

SmartFS - Virtual File System | *C++ , OOP , STL*

- Developed a **C++ virtual file system** using OOP principles with a hierarchical tree architecture, supporting file/directory creation, recursive search, copy, move, rename, deletion, navigation, metadata, and permission management.
- Designed a modular, memory-safe architecture using **inheritance, polymorphism, smart pointers (shared_ptr, weak_ptr), STL, recursive tree traversal, and file serialization** to enable persistent storage across program executions.

SKILLS

Computer Science: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Databases: MongoDB, MySQL

Data & ML: NumPy, Pandas, Matplotlib, Scikit-learn, Machine Learning

Programming Languages: C++, Python, JavaScript, SQL

Web Technologies: React.js, Next.js, Node.js, REST APIs, Tailwind CSS

Developer Tools: Git, GitHub, MongoDB Atlas

POSITIONS OF RESPONSIBILITY

Coordinator | Operations Domain | Finance & Consulting Club *(May'25 - May'26)*

- Led cross-functional operations for **Horizon-26**, coordinating **100+ teams** and managing logistics, participant support, and execution.
- Coordinated with multiple teams to ensure **smooth resource allocation, communication, and timely execution** under tight deadlines.

Manager | Events & Competitions | Entrepreneurship Cell *(May'25 - May'26)*

- Led a **10+ member team** to organize startup-focused initiatives, coordinating with **12+ startups** and managing end-to-end execution.
- Managed stakeholder communication, team responsibilities, and event planning to ensure **seamless execution**.

Internship Coordinator | Office of Career Services (OCS) *(May'26 - Present)*

- Coordinated between **students, recruiters, and the OCS team** to support smooth execution of internship activities.
- Managed student queries and facilitated **timely communication and coordination** throughout the internship process.

RELEVANT COURSES

- **Mathematics** : Calculus I , Calculus II , Differential Equations ,Statistics,Probability, Elementary Linear Algebra
- **Programming** : Fundamentals Of Scientific Computing , Computational Methods in Materials Science , Introduction To Artificial Intelligence

EXTRACURRICULAR

- **Badminton:** Competed in state-level badminton tournaments; secured **3rd place** in the **Inter-Hostel Badminton Tournament** at IIT Hyderabad.
- **Accenture Innovation Challenge Season 4:** Reached the **Final Round** in a nationwide team-based innovation competition.
