EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	7.10
Alphores junior college	Class XII (Telangana state board)	2023	94.60%
Alphores high school	Class X (Telangana state board)	2021	10.00%

EXPERIENCE

Sustainable Concrete Mix Design Using GGBS (Summer Internship):

- Completed a 3-month international internship at Nikko Co., Ltd., Japan, focused on concrete mix and mixing studies.
- Investigated 70% cement replacement with GGBS, evaluating concrete flowability and mixer power consumption.
- Compared different material loading configurations to assess their effect on mixing efficiency and energy consumption

POSITIONS OF RESPONSIBILITY

Sunshine UG Buddy:

- Supported undergraduate students in academics, college life, and campus culture, addressing concerns and fostering peer interaction and a sense of belonging.

Alumni Cell - Ideation & Operation Coordinator :

- Coordinated alumni engagement initiatives, managing event operations and fostering alumni-student interaction through mentorship, talks, and networking sessions.

SKILLS

Programming Skills: C/C++, Java, MySQL.

Web Technologies: HTML, CSS.

Languages: Telugu, English, Hindi.

Tools: Solid Edge, GIT, QGIS, STAAD, MS EXCEL,MATLAB.

Soft Skills: Communication skills, Problem solving, Project planning.

RELEVANT COURSES

CSE & AI: Introduction to Programming, Introduction to Artificial Intelligence.

Mathematics: Calculus, Introduction to Probability, Transform Techniques, Complex Variables, Introduction to Statistics, Differential Equations, Elementary Linear Algebra.

Core Courses: Digital Fabrication, Engineering Mechanics, Thermodynamics, Construction Materials & Management, Surveying, Fluid Mechanics, Sustainability in Civil Engineering, Mechanics of Solids and Structures, Environmental Engineering, Geotechnical Engineering, Structural Analysis, Transportation Engineering, Foundation Engineering, Structural Steel Design, Reinforced Concrete Design, GIS and Remote Sensing, Water Resource Engineering.

PROJECTS

3D Printed Model of Petronas Towers:

- Designed a detailed 3D model of the Petronas Twin Towers using Solid Edge CAD software.
- Prepared the model for 3D printing using Cura, optimizing support structures and material usage.
- Developed a scale-accurate miniature model, gaining hands-on experience in CAD modeling, 3D printing, and post-processing.

Responsive Web Design Using HTML & CSS:

- Developed a responsive, mobile-friendly website using HTML and CSS with structured layouts and intuitive navigation.
- Implemented custom styling, typography, color schemes, and icons to create a clean and consistent user interface.
- Optimized layout, visual hierarchy, and accessibility for improved readability and user experience.

STAAD.Pro-Based Reinforced Concrete Building Design:

- Modelled and analysed a multi-span reinforced concrete frame in STAAD.Pro under gravity loading and load combinations.
- Designed one-way slab, three-span beam, and columns for flexure, shear, and combined axial load-moment effects.
- Developed reinforcement detailing and structural design drawings in accordance with IS 456 and SP 34 provisions.

Analysing Sediment Kinematics in Supercritical Flows Using Image Processing(Mini project):

- Developed a MATLAB-based image processing system to track sediment particle movement in supercritical flows.
- Analysed the effect of particle size and discharge on sediment velocity and flow behavior using experimental data.
- Evaluated sediment transport characteristics through particle tracking and data analysis to study flow dynamics.

Technical Analysis of Challenges in High-Speed Maglev Operations:

- Analyzed track irregularities, electromagnetic instability, and coupled vibrations affecting high-speed maglev operations.
- Reviewed advanced IAAFT and TimeGAN-based modeling approaches for simulating track irregularities and predicting vibration behavior.
- Studied the relationship between train dynamics, guideway response, control systems, and electromagnetic effects at high operating speeds.

EXTRACURRICULAR

Actively participated in various college NSS events promoting community service and social responsibility.
