EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2028	7.61
Kartar Public School	Class XII (CBSE)	2023	93.00%
Jodhamal Public School Jammu	Class X (CBSE)	2021	95.20%

WORK EXPERIENCE

Product Management Intern | MSN Laboratories

Conducted strategic portfolio assessments across **50+ Indian and global pharmaceutical companies**, analyzing patent expiries, competitive landscapes, market attractiveness, and pricing dynamics to inform oncology portfolio expansion.

Developed **5+ executive-ready** product monographs and strategy presentations, translating clinical and commercial evidence into data-driven recommendations for portfolio prioritization and **GTM planning**.

Strategy & Planning Intern | Sports Department, IIT Hyderabad

Conducted facility audits and **SWOT** analyses, aligning infrastructure with official standards for large-scale events

Designed frameworks for scheduling, logistics, budgeting & vendor sourcing, spearheading proposals worth **Rs.15 Cr**

Led branding and campus planning initiatives, strengthening proposals for hosting national sporting events.

PROJECTS & CERTIFICATIONS

Meridian Retail Growth Platform

Architected a product intelligence platform on the UCI Online Retail dataset **(400K+ transactions, 4.3K customers)** to identify lifecycle growth opportunities using segmentation, churn prediction, and LTV modeling.

Designed the Decision Impact Framework, translating analytics into quantified business cases, identifying **£83K activation and £61K retention** opportunities through scenario-based impact modeling.

Built an interactive Streamlit decision workspace for live scenario comparison and initiative prioritization, refining dashboard structure and metric selection through reviews with PM and consulting peers.

Credit Card Product Strategy Platform

Built a product decision platform that identified premium upgrade, cross-sell, and lifecycle marketing opportunities from cardholder data, quantifying over **$130K** in projected business impact through data-driven prioritization.

Designed an evidence based decision framework integrating customer analytics, predictive modeling, and business validation to prioritize product initiatives, while improving model reliability through rigorous feature validation.

Cardmember Profitability Ranking Framework | American Express Campus Challenge 2026

Designed a customer prioritization framework for **500K+ cardmembers**, translating behavioral, spending, rewards, and risk signals into an interpretable decision model for identifying high-value customer segments.

Led hypothesis-driven experimentation across **15+** ranking strategies to evaluate customer profitability trade-offs, improving strategic decision-making through segmentation, feature engineering, and data-backed validation.

McKinsey Forward Program| McKinsey & Company

Completed McKinsey's flagship global leadership and problem-solving program, executing two structured projects with an international peer group while applying consulting methodologies to analyze real-world business challenges, deliver data-driven solutions, and strengthen skills in strategic thinking, communication for influence, and digital

problem-solving.

SKILLS

- Data & Analytics: SQL, Python, Microsoft Excel, Power BI, Pandas, NumPy, Matplotlib

- Product & Business: Market Research, Competitive Analysis, Product Metrics, Customer Segmentation, GTM Strategy, Strategic Analysis, Business Case Development, PRD Writing, A/B Testing, Storytelling & Persuasion

POSITIONS OF RESPONSIBILITY

Overall Head | Institute Technical Council, IITH

Leading **100+** members across **5** functional verticals to plan and deliver institute-wide workshops, hackathons, and the annual tech fest, scaling IIT Hyderabad's technical ecosystem through high-impact programs and initiatives.

Launching IIT Hyderabad's annual technical fest by leading sponsorship outreach, financial planning, and execution.

Head Internship Coordinator | Office of Career Services

Leading a **5-member team** driving internship strategy and industry outreach for **25+** Biomedical Engineering students.

Drove recruiter outreach to **50+** companies, strengthening industry partnerships and expanding internship opportunities.

Streamlined end-to-end recruiter-student engagement, coordinating applications, interviews, and recruitment workflows.

Sponsorship & Operations Coordinator | Tinkerer's Lab, IITH

Secured **25%** of the event sponsorship budget by leading end-to-end partner acquisition, including prospecting, pitching, negotiations, and closing partnerships with **Red Bull, Protonics**, and other industry sponsors.

Led a **15-member** team managing operations and on-ground execution for Thrust 2026 **(7,000+ participants)**, while driving corporate engagement to build partnerships across startups, investors, and industry.

Sponsorship Coordinator| Inter IIT Sports Meet 2025

Established sponsorship partnerships through engagement with **50+** companies, supporting Inter IIT Sports Meet 2025.

Directed Production & Event Operations for **2500+** participants, ensuring seamless execution throughout the event.

EXTRACURRICULAR

Won **2 Best Delegate, 2 Special Mention,** and multiple Honorable Mentions across 10+ Model United Nations conferences; chaired a DISEC committee and led the school debating team in inter-school debates and quiz competitions.

Mentored **25 first-year** students through IITH Sunshine program, supporting academic transition and well-being.
