EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.18
Narayana junior college	Class XII (BIEAP)	2023	94.80%
Kennedy english medium high school	Class X (BSEAP)	2021	100.00%

INTERNSHIP EXPERIENCE

Hindustan Unilever Limited (HUL) -- R&D Intern

- Worked on **toothpaste formulation development** and product performance evaluation through systematic experimentation.
- Investigated **formulation and dispersion issues** through experimental analysis and troubleshooting.
- Documented experimental results and collaborated with the **R&D team** on product development activities.

PROJECTS

DSA RankBoard | MERN Stack

- Built a **full-stack DSA progress tracking platform** using **MongoDB, Express.js, React.js, and Node.js** to monitor and compare users' coding performance.
- Developed a **unified scoring system and global leaderboard** to rank users based on their DSA performance and coding activity.
- Implemented **JWT authentication, user profiles, and activity tracking** for personalized progress monitoring.
- Integrated **coding-platform APIs** to fetch, process, and display users' coding statistics and maintain updated progress data.

Task Manager Pro | MERN Stack

- Developed a **full-stack task management application** using **React.js, Node.js, Express.js, and MongoDB**, supporting **CRUD operations**, task priorities, and deadlines.
- Implemented secure **JWT-based authentication and authorization** with **role-based access control** for Admin and User roles.
- Designed and integrated **RESTful APIs** for task and user management, with **MongoDB** for persistent data storage.
- Integrated **Nodemailer** to automate task reminders and **email notifications**.

SKILLS

- **Programming Languages:** C++, Python, C
- **CS Core Subjects:** Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks
- **Web Development:** React.js, HTML5, CSS3, Node.js, Express.js, REST APIs
- **Database:** MongoDB
- **Machine Learning:** Supervised Learning (Regression, Classification), Model Training & Evaluation, Feature Engineering, Data Preprocessing, Cross-Validation, Performance Metrics
- **ML & Data Libraries:** NumPy, Pandas, Matplotlib, Scikit-learn
- **Deep Learning:** Neural Networks, PyTorch, TensorFlow
- **Tools:** Git, GitHub, VS Code

POSITIONS OF RESPONSIBILITY

Volunteer Teacher - Government High School

Volunteered to teach **Math** and **English** to support students **Academic Growth** and **learning**

Improved student **Problem-Solving** and **Effective Communication** resulting **improvement in academic progress**

SCHOLASTIC ACHIEVEMENTS

Data structures And Algorithms

Solved 250+ DSA problems on platforms like **Leetcode** and **GeeksforGeeks**

EXTRACURRICULAR

NSS volunteer-Completed 77 hours as an NSS volunteer, developing teamwork and communication skills through public service projects and events.
