## EDUCATION

| Institution | Degree / Board | Passing Year | Score / CGPA |
|---|---|---|---|
| Indian Institute of Technology Hyderabad | B.Tech | 2028 | 7.12 |
| Kusumtai High School | Class XII (Maharashtra State Board) | 2024 | 69.33% |
| Indira International Public School | Class X (Maharashtra State Board) | 2022 | 92.60% |

## SCHOLASTIC ACHIEVEMENTS

**Accenture Strategy Connect -- Season 4**

**Advanced to the Strat Tank Final Presentation Round among 9,000+ participants nationally**, progressing through aptitude, simulation-based consulting, and industry problem-solving rounds.

**Secured a Pre-Placement Interview (PPI) opportunity** and selected among the top campus teams to develop and pitch a solution to a real-world industry problem.

## POSITIONS OF RESPONSIBILITY

**Operations Head | Finance & Consulting Club, IIT Hyderabad** (2026 - Present)

- Lead a 20+ member operations team, owning end-to-end execution for the club's flagship events including budgeting, vendor negotiation, and resource allocation
- Drove operational planning for 3+ major events reaching 500+ participants, cutting logistics turnaround time by streamlining vendor coordination workflows
- Own procurement and budget management across events, negotiating with 10+ vendors to optimize costs while maintaining service quality

**Operations Coordinator | Finance & Consulting Club, IIT Hyderabad** (2025 - 2026)

- Managed a 100+ member team logistics operation for a 24-hour hackathon, coordinating real-time scheduling and resource allocation under tight time constraints
- Coordinated logistics for Horizon and 5+ club events, managing cross-functional handoffs across sponsorship, marketing, hospitality, and design teams
- Led on-ground execution for events with 300+ attendees, managing venue setup and a 20+ member volunteer team

**Hospitality Coordinator | Elan & nVision, IIT Hyderabad** (2025 - 2026)

- Managed end-to-end hospitality for 30+ artists, speakers, and guests during IIT Hyderabad's flagship techno-cultural festival (5,000+ footfall)
- Coordinated accommodation, transportation, and on-ground logistics across a 3-day event, working with 4 cross-functional teams to eliminate scheduling conflicts

**Hospitality Coordinator | Extra Mural Lectures (EML), IIT Hyderabad** (2025 - 2026)

- Managed hospitality logistics for 15+ distinguished guest speakers across the institute's flagship lecture series, ensuring zero scheduling escalations

## PROJECTS

**Spotify Growth Engine | Product Analytics & Churn Prediction**

- Analyzed a **simulated dataset of 50,000+ Spotify users** using **Python and SQL** to identify growth opportunities, Premium conversion bottlenecks, and user churn patterns.
- Conducted **EDA, funnel analysis, cohort analysis, and user segmentation** across **10+ product KPIs**, uncovering key behavioral drivers influencing engagement, retention, and conversion.
- Developed a **machine learning churn prediction model** and translated insights into **5+ data-driven product**

**recommendations**, supported by an interactive dashboard and executive strategy presentation.

**Splitflow -- Product Management Project**

- **Identified key friction points** in expense splitting and settlement, including manual expense entry, complex debt settlement, and lack of transparency in split calculations.
- **Designed the end-to-end product experience**, including PRD, user flows, information architecture, wireframes, and feature prioritization for expense splitting and UPI-based settlement.
- **Proposed and prioritized features** such as instant UPI settlement, smart debt simplification, and transparent split percentages based on user value and implementation feasibility.

## SKILLS

**Technical & Data Skills:** SQL, Python (Pandas, NumPy, Matplotlib), Power BI, Excel, PowerPoint , Data Analysis, Data Visualization, Database Fundamentals, REST APIs

**Business & Product Skills:** Market Research, Competitive Analysis, User Insights, Go-To-Market (GTM) Strategy, Business Analysis, Product Thinking, Problem Structuring, Data-Driven Decision Making, Business Communication

**Leadership & Management:** Leadership, Team Management, Stakeholder Management, Vendor Management, Strategic Thinking, Cross-functional Collaboration, Event & Operations Management

**Tools & Platforms:** Jira, Figma, Firebase, Git, VS Code, Canva, GenAI Tools (ChatGPT, Gemini)

## PRODUCT & ENTREPRENEURIAL PROJECTS

**Petistry -- Founder / Product Lead** | 2026

**Conducted customer discovery with pet owners in Pune** to validate demand for an at-home pet grooming marketplace; identified key pain points and preferences in existing grooming solutions.

**Challenged the initial grooming-service hypothesis after finding a strong DIY preference among interviewed owners**, using these insights to reassess the product direction and customer journey.
