EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.06
Ramakrishna Mission Vidyalaya Narendrapur	Class XII (West Bengal Council of Higher Secondary Education)	2023	96.00%
Ramakrishna Mission Vidyalaya Narendrapur	Class X (West Bengal Board Of Secondary Education)	2021	90.00%

WORK EXPERIENCE

Staart Buildtech -- Project Management Intern | May 2026 - July 2026

- Worked across **procurement, vendors, billing, inventory and project tracking** for commercial interior projects.
- Analyzed **project workflows and user pain points** to identify gaps and opportunities for process improvement.
- Implemented workflow improvements based on **stakeholder feedback and execution challenges** across projects.
- Improved **customer satisfaction** through better workflows, coordination and data-driven project reporting.

KALNET Technologies -- Product Intern | Jan 2026- May 2026

- Worked on **ERP + LMS products** across higher education and manufacturing, covering academic and business workflows.
- Designed **academic, inventory and order-management workflows** through product research, UX and workflow planning.
- Built an **IITH LMS** with online classes, assignments and quizzes in collaboration with IIT Hyderabad.
- Conducted **competitor research, client demos and stakeholder validation**, supporting ~**10 project confirmations**.

The Emotional Artist | May 2025-July 2025

- Redesigned the **Custom Art page** to improve navigation, customization discovery and overall user experience.
- Created a **responsive UI** with improved visual hierarchy and clearer presentation of customization options.
- Strengthened the **website's visual identity** through contemporary design principles and intuitive interaction flows.

PROJECTS

Intelligent Customer Support Assistant | Python, Scikit-learn, RAG, LLM

- Trained **TF-IDF + Logistic Regression** on 3,000 support tickets, achieving **98.83% accuracy and 0.99 Macro-F1**.
- Built a semantic **RAG pipeline using Sentence Transformers + FAISS** over 22 knowledge-base documents for retrieval.
- Integrated a **Groq LLM** with intent-aware retrieval and grounded prompting to generate accurate, citation-backed responses.
- Achieved **93.33% expert-rated response quality**, with **25/30 queries resolved without escalation**.

Food Delivery Conversion & Retention Analysis

- Analyzed **150K+ sessions and 50K+ orders** to identify funnel drop-offs across the food delivery journey.
- Used **SQL and Python** to analyze pricing, ETA, promotions, restaurant reliability, and their impact on conversions.
- Segmented users to identify **key abandonment patterns and conversion drivers** across different customer cohorts.
- Proposed a **checkout transparency intervention** targeting a **5-10% improvement in conversion rates**.

IITH Dashboard App -- Slot Booking Feature

- Identified **laundry-slot booking** as a usability opportunity within the existing IITH campus dashboard experience.
- Designed an intuitive **booking flow with notifications and reminders** to simplify scheduling and reduce missed slots.
- Integrated the feature with the **existing design system and workflows** to deliver a consistent campus-wide user experience.

POSITIONS OF RESPONSIBILITY

Assistant Manager Design, E-Cell IITH | 2023- 2024

- Helped the team in **visual branding and on-ground event decoration** for multiple E-Cell initiatives.
- Successfully managed **event decor and E-Summit arrangements**, elevating its visual identity and audience engagement.
- Collaborated with the design team to create **social media creatives, promotional materials and event assets**.

Head of Design, SPIC MACAY | IIT Hyderabad | 2024-2025

- Led the design team for **6+ cultural events**, managing branding, campaigns, and digital creatives across campus initiatives.
- Led **design and decoration for SPIC MACAY's 10th International Convention (May 26-June 1, 2025) at IIT Hyderabad.**
- Collaborated with **event leads and cross-functional teams** to create cohesive visuals and promotional assets for **events**.

SKILLS

Product & Analytics: Product Strategy, Product Analytics, User Research, User Segmentation, Funnel Analysis, A/B Testing, KPI & Metrics Analysis, SQL, DBMS, Python, EDA, Statistics, Power BI, Tableau

Technical: Machine Learning, Data Visualization, Git

Design: UI/UX Design, Interaction Design, Design Systems, Wireframing, Prototyping, Usability Testing, Figma

Tools: Figma, Google Stitch, Antigravity, Jira, GitHub, Claude, Google AI Studio

EXTRACURRICULAR

NSO - Table Tennis | Regular participant under IIT Hyderabad's sports program.

Inter-IIT Contingent (Athletics), 2024 | Represented IIT Hyderabad in Inter-IIT Sports Meet.

Gold Medal in Inter-College Freshers' Badminton Tournament | Played as a team coordinating and making strategies

College Merchandise Design | Designed merchandise for IITH students and had 750+ sales with a profit of around **INR 75000**

Visual Arts (Drawing & Painting) | Active digital artist with **1K+** Instagram followers.

Video Editing | Created content with 1.2M+ cumulative YouTube views.
