EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.16
Sri Venkateswara Junior College	Class XII (Board of Intermediate Education Andhra Pradesh)	2023	88.40%
Delhi Public school	Class X (CBSE)	2021	90.60%

WORK EXPERIENCE

Growth and Analytics Intern, Licious (Delightful Gourmet Pvt. Ltd.)

- Analyzed **user cohorts, retention, customer journeys, and growth metrics** to identify behavioral patterns and opportunities across the early customer lifecycle.
- Led **customer segmentation and experimentation** that identified retention/progression uplift, driving rollout of personalized homepage layouts to **100% of users across 6 of 7 segments**.
- Analyzed **CX and user progression** through welcome-call experiments, identifying issue-resolution calls as the largest driver of improvement in next-order progression.
- Owned end-to-end analysis of a **wallet-credit experiment**, evaluating retention impact and translating findings into customer-growth decisions.
- Built **SQL-based diagnostic pipelines and automated reporting** to monitor hub-level issues, retention, and revenue retention, separating product issues from operational execution.
- Independently handled **CRM experimentation, dashboard automation, and lifecycle campaigns**, working with analysts and senior stakeholders to turn ambiguous problems into actionable decisions.

SKILLS

Analytical Skills: User behavior analysis, cohort analysis, retention & growth analytics

Programming & Tools: SQL, Python, Excel (Advanced), Tableau, Matplotlib

Product Analytics: User journeys, product metrics, A/B testing, experimentation

Business Skills: Growth analytics, customer segmentation, stakeholder management

Automation & Reporting: Dashboard automation, scalable reporting, performance monitoring

Soft Skills: Structured problem-solving, communication, teamwork

PROJECTS

Spotify Data Analysis using SQL (GitHub Project)

- Built and extended a **SQL-based analytical project** to study Spotify datasets.
- Designed and executed **advanced SQL queries** for data cleaning, transformation, and trend analysis.
- Analyzed **music trends, user preferences, and artist performance metrics** through relational database queries.
- Created **visualizations and reports** (using Python/Excel/Tableau) to present insights on top tracks, genres, and user engagement.
- Leveraged **GitHub for version control and documentation**, ensuring transparency and reproducibility of work.

AdTech Market Research (Independent Project)

- Competitive analysis of contextual advertising.
- Studied **Web 2.0 concepts and digital ad ecosystems** to identify growth opportunities.
- Produced structured reports recommending actionable insights.

Design Optimization of Cantilever Beams

- Applied **Dragonfly Algorithm** to minimize beam deflection under random loading.
- Implemented in Python; optimized parameters for efficient convergence.
- Showcased **data-driven problem solving** and results presentation.

POSITIONS OF RESPONSIBILITY

Business & Operations Coordinator - International Relations Cell, IITH

- Led **vendor negotiations, event logistics, and budget tracking**, working with multiple stakeholders.
- Designed reporting systems in Excel to track engagement and performance.
- Improved operational efficiency by 20% through process simplification.

Elan & Nvision Hospitality & Transport Head

- Managed **hospitality services for 2000+ guests**, including artists, judges, sponsors, and participants (accommodation, food, on-ground support)
- Oversaw **transport logistics**: pickups, drops, shuttle scheduling, and vendor coordination
- Led and trained a **team of 10 coordinators and 120+ volunteers** for smooth guest reception and mobility
- Handled **real-time problem solving, last-minute changes, and crisis management** during events
- Achieved **25% cost reduction** through effective vendor negotiation and budget management

EXTRACURRICULAR

A+ in Statistics & Probability - Ranked in the **top 0.005% of a 600+ student cohort**

Product management & digital marketing workshops

Leadership roles in fests & student bodies (logistics, operations)

Tech blogging on **AdTech & Web 2.0 trends**
