Indian Institute of Technology Hyderabad	B.Tech	2027	8.61
sri venkateswara junior college	Class XII (board of intermediate education AP)	2023	97.50%
sri venkateswara em school	Class X (ssc andhrapradesh)	2021	100.00%

POSITIONS OF RESPONSIBILITY

Events Management Head || *58th Inter IIT Sports Students Meet & 30th Inter IIT Sports Staff Meet, IIT Hyderabad*

- Leading the planning and execution of **two large-scale national sports meets**: the **Students Meet** with 2,500+ athletes from 23 IITs and the **Staff Meet** with 3,000+ participants.
- Managing a team of **18 coordinators and volunteers**, assigning responsibilities, overseeing timelines, and ensuring smooth coordination across all event domains.
- Responsible for **match scheduling, fixture preparation, registration, result processing**, and real-time management of all sports events conducted during the meets.

Events Head - Milan 2K25 || *IIT Hyderabad Inter-Hostel General Championship*

- Spearheading **Milan**, a 10-day inter-hostel championship at IIT Hyderabad involving **22 hostels** competing across **60+ sports, cultural, and sci-tech events**, with participation from over **5,000 students**.
- Managing a team of **18 core coordinators and volunteers**, streamlining operations and ensuring effective execution across all event domains.
- Overseeing complete event logistics including **scheduling, fixture preparation, registration, result tracking**, and organizing **pronites and the grand prize distribution ceremony**

NSO Hockey Coordinator, **IIT Hyderabad :**

- Managed NSO selections, and organized tournaments including **Milan, Diesta, IHL**, and matches with external teams.
- Led the institute team's participation in the **57th Inter IIT Sports Meet 2K24**, managing logistics and coordination.
- Conducted **IHL** with 60+ participants, handling auction, budget, and results using **Excel and Google Sheets**.

PROJECTS

System Design & Workflow Planning for Inter IIT Sports Portal

- Collaborated with the tech team to **outline features** and user flows for a **sports management web/app portal**, including **registration** (with unique IDs)**, fixtures, results**, and point tables.
- Provided functional inputs to **enhance user experience** for participants and organizers, based on real-time sports event needs.
- Assisted in **backend planning and UI structuring** for the **board meeting draft system**, shifting from traditional **Docs/Sheets** to a **unified internal web-based platform**.

Operational Optimization of Institute Hockey League (IHL), IIT Hyderabad

- Designed and implemented a Google Sheets-based system to manage **auctions, fixtures, scoring, and budget tracking** for 60+ participants.
- Reduced auction execution time by **40%** and improved scheduling accuracy by eliminating conflicts and result delays.
- Proposed a **scalable product model for future multi-sport tournaments**, enabling reuse and cross-team collaboration.

Healthy Snack Shop Feasibility Study | Market Research, Survey Analysis

- Conducted primary market research to evaluate the feasibility of a Healthy Snack Shop on campus by designing and administering a structured survey to **34 students**. Analyzed consumer behavior, price sensitivity, product preferences, and purchase drivers, identifying strong demand for healthy snacks, with **68% purchase intent and 88% expected weekly visitation**, while recommending pricing and product strategies to address affordability concerns.

IIT Hyderabad Hockey -- Player Performance & Selection Platform

- Built a selection platform for a **25-player squad**, achieving **100% organic adoption** and replacing manual spreadsheet-based selection.
- Developed a **0-100 ranking system across 3 performance dimensions** and shipped **6 iterations** based on direct coach/player feedback.
- Designed **2 user journeys** and gamification features (streaks/badges), **improving practice attendance and reducing weekly selection-admin effort**.
