EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2028	9.16
Sri Chaitanya Junior Kalasala, Madhapur, Hyderabad	Class XII (Telangana Board of Intermediate Education)	2024	98.00%
Vikas High School, Ponnal, Siddipet District	Class X (Board of Secondary Education, Telangana)	2022	10.00%

SKILLS

Programming Languages: C++ (with STL, DSA), Python, JavaScript, C, SQL

Frontend: React.js, HTML, CSS, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, Socket.IO

Tools & Platforms: Git, GitHub, VS Code, Postman, Figma, Jupyter Notebook, Google Colab, Railway, Render, Vercel

Non-Tech: Solid Edge (CAD), Factsage

Soft Skills: Communication, Leadership, Mentorship, Problem-Solving

PROJECTS

ResearchMind AI | GitHub

- Architected a sequential **7-agent GenAI pipeline** using **Gemini 2.5 Flash**, automating end-to-end research synthesis -- from topic validation and live source retrieval to credibility scoring, analysis, and cited report generation.
- Engineered **fault-tolerant recovery** with a **3-model fallback chain**, exponential backoff, and a **4-stage defensive JSON parser** -- **5 of 7 agents** recover via structurally-valid fallback data instead of failing the whole request.
- Profiled the pipeline at **~99s average latency** (**16.2s** planning, **6.9s** search, **13.1s** credibility, **18.6s** analysis, **26.8s** summarization, **9.1s** visualization, **8.4s** citation) to identify bottlenecks across all 7 sequential stages.
- Built a **concurrent source-validation layer**, verifying **20 URLs in parallel** with a 6-second timeout per check - cutting worst-case validation time from **~2 min to ~6s**.

SoleBid -- Real-Time Sneaker Auction Platform | Github

- Built a full-stack auction platform using React, Node.js, Express, MongoDB, and Socket.IO with **18 REST endpoints** (**13** authenticated) across **3** collections, delivering live bid updates to all auction viewers through per-product and global broadcast rooms.
- Implemented JWT authentication with bcrypt password hashing, Cloudinary-backed image uploads supporting up to **5** images per listing, and automated auction settlement through a **60-second** scheduled background job.
- Developed a React interface with live bid prices, auction countdowns, and persistent notifications for bidders and sellers, backed by role-based ownership checks on all write operations.

Real-Time Chat App | Github

- **Built** a real-time messaging backend using **Node.js/Express, Socket.IO, and MongoDB**, exposing **15 REST endpoints** (**12 JWT-protected**) across 4 route modules and a **5-event WebSocket layer** serving direct messages and multi-member channel fan-out.
- **Designed** a **persist-before-broadcast** delivery flow committing each message to MongoDB before fan-out, ensuring delivered payloads match stored documents and users offline at send time recover full history on reconnect.
- **Secured** the stack with **bcrypt** hashing in a modification-guarded pre-save hook, **JWT cookie authentication**

hardened for cross-origin deployment, sanitized contact search, and **membership-scoped channel access control**.

POSITIONS OF RESPONSIBILITY

UG Sunshine Mentor

Mentoring 20+ junior undergraduate students, providing academic and personal guidance to support their transition and growth at IITH.

Deputy Coordinator, Publicity -- Elan & nVision 2025

Led outreach efforts to promote IITH's flagship fests, engaging with college students to explain fest offerings and drive participation across campus.

Volunteer, Office of Career Services (OCS) -- IIT Hyderabad

Proctored examinations for internship and placement recruitment drives, supporting smooth and fair execution of the hiring process

CERTIFICATIONS

HackerRank - SQL (Intermediate) -- Certified for intermediate SQL skills including complex joins, unions, and aggregations. (Link)

HackerRank - Problem Solving (Intermediate) -- Certified for solving intermediate-level algorithmic and data structure problems. (Link)

EXTRACURRICULAR

NSO Chess | IIT Hyderabad

Selected for the institute's **National Sports Organisation (NSO) Chess** program through competitive trials.
