EXPERIENCE

Data Analytics Virtual Experience | Deloitte (Forage)

- Completed a simulated data analytics engagement involving data cleaning, analysis, and visualization.
- Built dashboards and presented business insights to support strategic decision-making.

PROJECTS

HR Analytics Dashboard | Power BI, Excel, Power Query

- Built an end-to-end HR analytics solution by transforming and visualizing data for **600 employees** using **Power BI**, **Power Query**, and **DAX**.
- Created interactive dashboards with **7 KPIs**, **10+ business visualizations**, cross-filtering, and drill-down capabilities to analyze workforce demographics and organizational structure.
- Developed an **Attrition Analytics** module to identify employee turnover patterns across multiple dimensions, supporting HR decision-making through interactive business intelligence.

Financial Performance & Analysis | Course: Finance For Engineers | Prof Rana Pratap Maradana

- Conducted comprehensive financial statement analysis of SBI Cards & Payment Services Ltd., evaluating revenue, expenses, profitability, and earnings trends across FY2024-FY2025 using Microsoft Excel.
- Performed quantitative equity analysis by calculating daily returns, holding period returns, volatility measures (variance & standard deviation), and CAPM Beta, benchmarking stock performance against the NIFTY 50 Index.

Slotwise | Smart Timetable Management Platform

- **Designed and built an initial MVP** of Slotwise, an AI-assisted web application for managing **slot-based college timetables** across **11 academic slots and 5 weekdays**.
- Developed **synchronized slot scheduling**, allowing a course to be assigned once and automatically mapped to its corresponding day-specific timings.
- Implemented core scheduling features including **course library, drag-and-drop timetable creation, conflict detection, colour customization, undo/redo, and weekly schedule visualization**.

POSITIONS OF RESPONSIBILITY

Head of Infocus, The Photography Club, IIT Hyderabad.

- Promoted from **Coordinator** to **Head** of the club, I built a 12-member team by selecting candidates from 45 applicants through structured interviews and portfolio reviews.
- Developed a camera inventory system for equipment tracking and accountability.
- Organizing and planning activities like **sessions, photowalks, and competitions** for club engagement.

Multimedia Coordinator, Elan & nVision, IIT Hyderabad.

- Led an **8-member multimedia team** to plan and execute photography and videography coverage for IIT Hyderabad's annual fest.
