EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2028	7.51
Impulse Junior College	Class XII (Telangana Board of Intermediate Education)	2024	98.40%
Vivekananda High School	Class X (Board of Secondary Education, Telangana)	2022	10.00%

WORK EXPERIENCE

Technology Intern | CHUBB India

- Developed a Business Continuity Monitoring application from scratch using Python, Flask, HTML/CSS/JavaScript, and pywebview, replacing manual monitoring workflows with an automated desktop solution.
- Integrated REST APIs, web scraping pipelines, RSS feeds, and scheduled background jobs (APScheduler) to aggregate and process operational alerts from multiple public data sources.
- Engineered a rule-based alert classification and geo-relevance filtering pipeline, enabling real-time visualization of critical business continuity events through an interactive dashboard.

Project Intern | National Institute of Technology Warangal

- Developed an end-to-end machine learning pipeline for landform classification using multispectral geospatial and remote sensing datasets.
- Engineered data preprocessing, feature extraction, model training, and evaluation workflows using Python.

Open Source Contributor | GirlScript Summer of Code (GSSoC)

- Contributed new features and resolved issues in open-source web applications through GitHub pull requests.
- Collaborated with project maintainers using Git, GitHub workflows, React.js, Next.js, and JavaScript.

PROJECTS

PulseGuardAI - *AI-Powered Web Application for Heart Disease Risk Prediction*

- Built a full-stack web application for heart disease risk prediction using a Flask-based Random Forest model.
- Implemented secure user authentication with email OTP verification and JWT-based authentication.
- Integrated an AI chatbot and nearby cardiologist recommendations for personalized healthcare guidance.

myGit - *Lightweight Git-like Version Control System*

- Built a Git-like version control system supporting init, add, commit, status, log, checkout, and restore.
- Implemented object storage, staging area management, commit history, and SHA-based hashing using file system operations.

RouteWise - *Smart Waste Collection System with Optimized Route Planning*

- Built a full-stack waste collection platform with role-based dashboards for Admin, Collector, and Citizen users.
- Implemented optimized route generation using Dijkstra's algorithm and Greedy heuristics with real road-distance data.
- Developed an interactive map for bin management, route visualization, and issue reporting.

Sorting Visualizer - *Interactive Algorithm Visualization Tool*

- Built an interactive web application to visualize Bubble, Selection, Insertion, Merge, and Quick Sort algorithms.
- Added controls for algorithm selection, array size adjustment, and animation speed.

RELEVANT COURSES

- **CS:** Data Structures & Algorithms, Database Management Systems, Operating Systems, Object Oriented Programming

- **Mathematics:** Probability & Random Processes, Statistics, Vector Calculus, Differential Equations, Numerical Analysis

- **Electrical Engineering:** Digital Systems, Signal Processing, Control Systems, Matrix Theory, Machine Learning

SKILLS

Languages: C, C++, Python, JavaScript, SQL

Web Development: HTML, Tailwind CSS, React.js, Node.js, Express.js, Flask

Databases: MongoDB

Libraries: NumPy, Scikit-learn

Developer Tools: Git, GitHub, Linux, VS Code

Soft Skills: Leadership, Communication, Collaboration, Problem Solving

SCHOLASTIC ACHIEVEMENTS

- State Topper Award - Srinivasa Ramanujan Mathematics Olympiad (SRMO), 2020
- KWEST Maths Olympiad, Division - 1, Rank - 11, 2020

POSITIONS OF RESPONSIBILITY

Manager, Ideation | Entrepreneurship Cell

- Part of a 9-member organizing team that hosted **E-Summit'26**, the flagship entrepreneurship event of E-Cell, IIT Hyderabad (10L+ budget).
- Led the planning and execution of the **Startup Fair**, connecting startups, investors, and students through an interactive entrepreneurial platform.
- Organized and hosted Fireside Chat sessions with startup founders and industry leaders.

Core Member | Yoga & Meditation Club (Inventure)

- Conduct weekly guided meditation and Heartfulness sessions to promote student well-being and mindfulness.
- Coordinate club activities and support wellness initiatives across campus.
