EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2028	8.12
Paramekkavu Vidya Mandir thrissur	Class XII (CBSE)	2023	93.60%
Bharatiya Vidya Bhavans	Class X (CBSE)	2021	93.20%

INTERNSHIP EXPERIENCES

Product and Strategy Intern | Vinergy Pvt. Ltd.

- **Market Analysis & Product Positioning:** Conducted competitive market sizing and benchmarking to identify high-margin white spaces, defining the product's core USPs and value proposition for market entry.
- **OEM Sourcing & GTM Strategy:** Evaluated and shortlisted OEM/ODM manufacturing partners to ensure production feasibility, while structuring an end-to-end Go-To-Market (GTM) launch strategy.
- **Pricing Architecture & Risk Modeling:** Developed multi-tier pricing models and financial risk frameworks to assess unit economics, capital exposure, and long-term margin viability.
- **Logistics Optimization:** Analyzed distribution networks and modeled logistics workflows to minimize landed shipping costs and eliminate fulfillment bottlenecks.

Product and Strategy Intern | Manappuram Finance Ltd

- **Executive Strategy & Policy:** Hand-selected by the MD & CEO to work with an IIT/IIM elite team; engineered the data modeling and credit-risk framework for a **new 5 Cr+ high-ticket size loan policy** targeting HNIs.
- **Data-Driven Digital Transformation:** Spearheaded a digital product optimization project by converting qualitative user pain points into quantitative data metrics, directly driving UI/UX enhancements and boosting digital adoption.
- **Market Intelligence & Analytics:** Conducted rigorous data analytics on competitor pricing, product performance, and rural market trends to design high-impact models for customer acquisition and operational efficiency.
- **Leadership Deliverables:** Synthesized complex NBFC operational data into executive-level dashboards and presentation decks, directly enabling strategic, data-backed decision-making for senior management.

PROJECTS

E-Commerce Market Dynamics & Price Analytics Engine | [Link]

- **Automated Web Scraping:** Engineered a custom data-scraping pipeline using Python to extract unstructured product, pricing, and rating datasets directly from Snapdeal.
- **Data Synthesis & Cleaning:** Processed raw web-scraped data through automated cleaning, **SQL staging**, structural formatting, and statistical outlier-filtering workflows to ensure data integrity.
- **Strategic Market Insights:** Conducted comprehensive exploratory data analysis (EDA) to map pricing distributions, competitor discounting models, and product rating correlations, identifying optimization vectors for digital placement

Trader Behavior Analysis via Quantitative Market Sentiment | [Link]

- **Data Integration & Fusion:** Merged historical transactional ledger data with time-series market sentiment metrics, including the **Fear & Greed Index**, to isolate psychological variables in trading.
- **Quantitative Feature Engineering:** Formulated and evaluated core performance metrics including **Profit and Loss (PnL)** distributions, precision **win rates**, asset trading frequencies, and structural **risk exposure limits**.
- **Risk Mitigation Modeling:** Discovered actionable behavioral trends--proving elevated risk-taking variables during market "Fear" and peak performance anomalies during "Greed"--to propose dynamic leverage controls and automated risk alerts.

POSITIONS OF RESPONSIBILITY

Sponsorship & Outreach Lead Manager | Aeolus Racing, IIT Hyderabad

- **Strategic Fundraising & Pitching:** Structured a high-impact corporate outreach and fundraising pipeline to target **25 Lakhs in total capital requirements**, executing high-stakes pitch meetings that successfully locked in **5+ Lakhs from a title sponsor** alongside additional corporate partnerships.

- **Outbound Pipeline Execution:** Managed a dedicated outreach team to systematically procure cold corporate contacts, planning and executing a centralized "call center" sprint to maximize sponsor conversion rates and secure a total funding milestone.
- **Cross-Functional Alignment:** Coordinated directly with internal engineering and design subteams to map corporate sponsorship deliverables against strict technical specifications and asset branding requirements.

Multimedia Operation Coordinator | Finance and Consulting Club

- Managed a Team of 5-6 members to ensure smooth digital outreach and content execution for the club
- Allocated responsibilities across associates based on tasks(design, media,editing etc.
- Handled equipment allocation and coordination

SKILLS

Product Strategy & Design: Product Lifecycle Management (PLM), User Research, Wireframing, A/B Testing, PRD Writing, MVP Development, User Journey Mapping

Data & Product Analytics: Amplitude (Certified Analysis Expert), SQL, Tableau, Python, Pandas, MS Excel, Seaborn, Tree Models, Behavioral Analytics, Funnel Analysis, Retention Tracking

Tools & Frameworks: Jira, Confluence, Miro, Notion, MS Visio, Figma, Jupyter Notebook, Git

CERTIFICATIONS

Amplitude Certified Analysis Expert: Credentialed in advanced product analytics workflows, event-based tracking setups, and behavioral cohort diagnostic mechanics.

Amplitude Certified Lifecycle Practitioner: Completed dedicated quantitative training matrices covering core growth and business tracking vectors: **User Acquisition**, **User Retention**, and **Monetization Strategy**.
