PROJECTS

Strategic Consulting | E-Cell IIT Hyderabad

- **Leading strategic workshops** with a government engineering college's newly established IIC, applying best practices from established E-Cells to build their foundational structure and strategy.
- Assessing the college's organizational setup, events, and sponsorship approach against leading E-Cells, identifying 5+ opportunities to scale up governance, outreach, and partnerships.
- Designing a **10-month growth roadmap** covering KPIs, team structure, sponsorship strategy, and event portfolio to build a self-sustaining entrepreneurship ecosystem.

Customer Lifetime Value Prediction & Customer Segmentation | *Python, XGBoost, Scikit-learn, SHAP*

- Analyzed ~384K customer transactions to identify behavioral drivers of future spend, engineering RFM and cohort-based features for **3-month CLV prediction**.
- Applied hypothesis-driven model development and validation, running **960+ cross-validation fits** and achieving **0.59 R^2** on held-out data; used SHAP to explain key factors influencing predicted customer value.
- Translated quantitative analysis into actionable segmentation using PCA + K-Means (**0.49 silhouette score**), grouping customers into interpretable profiles to support targeted decision-making.

EXTRACURRICULAR

Taekwondo

- Earned the Kukkiwon (World Taekwondo Headquarters) 1st Dan Black Belt certification.
- State and National Taekwondo medalist with multiple Gold and Bronze medals across CBSE, Goa State, and National Championships.

NSO Football

- Finished **2nd at Milan 2024** and Represented the **Institute Football Team**
