EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2028	7.93
Ganges Valley School	Class XII (Central Board of Secondary Education)	2024	98.20%
Ganges Valley School	Class X (Central Board of Secondary Education)	2022	95.60%

EXPERIENCE

Infosys Springboard | *AI Intern* | Remote | (Dec 2025 - Feb 2026)

- Developed **EcoPackAI**, an AI-powered sustainable packaging recommendation system that helps businesses evaluate packaging options based on cost, carbon footprint, and material suitability.
- Built a business analytics dashboard and a context-aware **RAG chatbot** as part of the internship project.

PROJECTS

EcoPackAI: AI-Powered Sustainable Packaging Recommendation System | *FastAPI, PostgreSQL, GPT-4o API, XGBoost* | (Dec 2025 - Feb 2026)

- Developed as part of an **AI remote internship at Infosys Springboard 6.0**.
- Built a **4-layer full-stack ML web application** that helps businesses choose sustainable packaging by predicting cost, CO footprint, and material suitability, with ranked recommendations, material comparisons, analytics dashboards, PDF/Excel reports, and a context-aware **RAG chatbot** with an accessibility-focused UI.
- Reduced packaging material selection effort by **40%** by architecting EcoPackAI with **12 REST API endpoints** serving automated, explainable AI recommendations.
- Achieved a cross-validated **R^2 of 0.98** for cost and CO prediction using a stacked ensemble of XGBoost, Random Forest, and Gradient Boosting over 10+ engineered features.

AI Research Assistant | *Python, Streamlit, FAISS, GPT-4o, Transformers* | GitHub | (Nov 2025)

- Built an end-to-end **RAG research assistant** with real-time arXiv search, difficulty filtering, citation-ranked indexing, and comparative analysis across up to 3 PDFs.
- Created a per-paper dashboard with multilingual summaries in 4 languages, automated glossary extraction, and AI-generated audio explanations.

TravAcs: Travel Assistance Platform for Visually Impaired People | *FastAPI, MySQL, Python, React Native* | Private GitHub Repository | Website

- Developed a travel-support platform connecting visually impaired users with volunteers to make commuting and navigation safer and more accessible.
- Engineered the **complete admin portal frontend and backend** along with the user-facing web portal frontend.

Emotional AI: Accessibility-First Social Interpreter | *Python, Gemini, Multimodal AI* | GitHub | Live App | (Dec 2025)

- Built an accessibility-first multimodal social interpreter for neurodivergent users, processing text, voice, image, and document inputs with auto alt-text and screen-reader-friendly transcription.
- Improved social-context decoding accuracy by **20%** using a 4-lens social decoder, 5-turn conversational memory cache, and Gemini-powered emotion visualizer.
- Added a live conversation-practice mode across **5 social scenarios** and deployed the platform during the Google DeepMind Hackathon 2025.

SKILLS

Languages: C/C++, Python, Java

Backend and Data: FastAPI, Django, REST APIs, PostgreSQL, MySQL, FAISS

HTML, CSS and java script

Tools: Git, Docker, Linux

Python libraries and frameworks: scikit-learn, XGBoost, TensorFlow, PyTorch, Pandas, NumPy, OpenCV, whisper

RELEVANT COURSES

Data structures and algorithms

Object Oriented Programming, Operating Systems, Data Base Management Systems, Computer Architecture

EXTRACURRICULAR

- **Finalist, Goldman Sachs India Hackathon 2026:** Selected among 90 finalists from approximately 30,000 applicants, placing in the **top 0.3%**.
- **Selected Participant, IASNLP 2026, IIIT Hyderabad:** Selected among 60 participants from 530 applicants and was the only pre-final-year undergraduate accepted.
- **Semifinalist, Google Girl Hackathon 2025:** Selected among 800 semifinalists from 54,000+ participants, placing in the **top 1.6%**. Developed a Prescription OCR and Medicine Matcher project targetting Indian visually impaired users.
- **Competitive Programming:** Solved 500+ DSA problems, earned the **LeetCode Knight badge** with a maximum rating of 1898, and secured rank 892 out of 31,708 in Weekly Contest 465.
