EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	6.95
Narayana junior College Mehdipatnam, Hyderabad	Class XII (TGBIE)	2024	97.30%
Narayana Concept H S Gudimalkapur, Hyderabad	Class X (SSC)	2022	9.80%

PROJECTS

Cardmember Profitability Ranking Framework | American Express Campus Challenge 2026

- Developed a deterministic profitability based ranking framework for 500K+ cardmembers by combining revenue, cost, and attrition signals into an interpretable scoring function.
- Explored the trade offs between revenue maximization and cost sensitivity by systematically adjusting model assumptions, using ranking shifts and performance feedback to understand how different weighting schemes influence strategic prioritization.

Handwritten Digit Recognition using CNN | Python, TensorFlow

- Built a Convolutional Neural Network for handwritten digit classification on the MNIST dataset using convolution, pooling, and dense layers.
- Trained the model using backpropagation and Softmax classification, achieving 92% training accuracy.

OCS Room Booking System | Go, React, PostgreSQL

- Developed a full stack room booking platform with JWT authentication, role based access control, and booking management.
- Implemented a layered Go backend with Gin, GORM, and PostgreSQL, integrated with a React frontend.

Movie Discovery Web Application | Go, React, PostgreSQL

- Developed a full stack movie discovery platform with a Go backend, PostgreSQL database, and React frontend styled using Tailwind CSS.
- Designed RESTful APIs with a modular backend architecture and integrated the database and frontend for end to end functionality.

SKILLS

Languages : Go, Python, C, SQL, Latex

Tools and Frameworks : Git, Github, Gin, Numpy, Pandas, Matplotlib, Pytorch

Soft Skills : Communication, Pitching & Negotiation, Problem Structuring, Team work

POSITIONS OF RESPONSIBILITY

Internship Cell Coordinator | Office of Career Services (OCS)

- Lead outreach efforts to recruiters and organizations for internship opportunities at IIT Hyderabad
- Coordinate end to end internship hiring processes, managing recruiter communication, scheduling, assessments, interviews, and student coordination

Ideation and Operations Head | Alumni Cell

- Led the ideation, planning, and end to end execution of alumni engagement initiatives, including flagship events, panel discussions, keynote sessions, and networking meetups.
- Worked closely with students and alumni to understand their needs and shape initiatives that improved participation and engagement.

Tech Cell Coordinator | Office of Career Services (OCS)

- Contribute to the maintenance and development of the Office of Career Services portal
- Identify and implement improvements to streamline recruitment workflows and improve the experience for students and recruiters

Sponsorship Coordinator | Spicmacay, IITH

- Managed sponsorship outreach and partnerships for cultural events
- Built and maintained relationships with sponsors to support event planning and execution

RELEVANT COURSES

CS & AI : Data Structures and Applications, Machine Learning, Programming in C, DBMS-1

Mathematics : Random Processes, Differential Equations and Transform Techniques, Vector Calculus, Mathematics for EE, Matrix Theory

Electrical Engineering : Signal Processing, Semiconductor Device Fundamentals, Control Systems, Analog Electronics, Power System Analysis, Circuits and Network Analysis, Digital Systems, Engineering Electromagnetics, Scientific Programming for Electrical Engineers, Electrical Machines, Electronic Devices and Circuits Lab

EXTRACURRICULAR

- Active member of the National Service Scheme (NSS), participating in community service and social impact initiatives.
