EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	7.68
ST. Paul	Class XII (MH State Board)	2023	73.67%
Podar World School, Nagpur	Class X (CBSE)	2021	91.33%

WORK EXPERIENCE

Product Management Intern | Equal Identity Pvt. Ltd.

Equal provides consent-driven, automated **Background Verification (BGV)** as a service to enterprises across BFSI, insurance, manufacturing and staffing sectors, replacing manual verification with API-driven checks at scale across **140+ enterprise clients.**

Athena Agent: 0-to-1 AI Data Product

- With teams waiting on analysts for data, **solo-built** an **NL-to-SQL agent** on a **3TB+ warehouse**, adopted by **all teams**
- As queries often failed or gave wrong data, added self-correcting retries, error memory and AI checks, cutting failures **95%**
- As unfiltered AI queries scanned full tables, enforced date and client filters and human approval, cutting **Athena cost 80%**

Equal Focus: 0 to 1 Internal Workspace

- With **200+ staff** juggling **10+ tools**, ran user research **(200+ users, 9 personas)** shaping features for a **0-to-1** workspace
- As follow-up calls lacked past context, shipped **AI meeting notes** surfacing prior minutes before each call, adopted by **70+ users**

Verification Reliability & Client Success

- With **23%** of UAN checks failing, cohort tested 4 providers on **1.5M+ calls** and shipped a fallback, lifting coverage **77% to 98%**
- As CS found SLA breaches via complaints, scored **140+ clients** daily on SLA, clear & unverifiable rates for **same-day triage**
- As CS reports were hand-built, shipped a dashboard (portfolio, action hub, drilldown) **auto-emailing** them, saving **50hr/week**
- With **3000+** partner-SLA cases open, **deployed an AI agent** for partner outreach and follow-ups to closure, cutting breaches **70%**

Founding Member, Product & Growth | Picapool Pvt. Ltd.

Picapool is a **hyperlocal, geolocation** based pooling startup founded by IIT Hyderabad alumni.

- After feedback from **1000+ students**, launched **Group Buying** with new dense campus clusters, lifting engagement **80%**
- Co-designed **pooled payments** feature for relaunch from user behavior data,cutting churn **~35%**, lifting usage **~55%**
- To scale across **20+ campuses**, defined ICPs and rebuilt the onboarding funnel, lifting **sign-ups 60%** and cutting **CAC 25%**
- To seed new campuses, built a **50+ campus ambassador** network and **100+ collaborations**

PROJECTS

Placement Agent : Human-in-the-loop AI agent for campus placements

- Built a **two-sided AI agent** that turns raw dumps of internships, PoRs & projects into **CV points for coordinator**

verification
- **Cut per-role CV tailoring from 3-4 hrs to 150s**, a **rule-based check** blocks any number, tool or claim not in the source
- **Removed repeat coordinator reviews** for reworded CV points, agent checks them against verified originals & **alerts on Telegram**
- Designed **3 approval gates** (apply, CV review, freeze) so the agent automates the busywork but **never acts without consent**

SiteSense AI: Hyperlocal Site Selection & Decision Engine

- With an ambiguous, ground truth free site accuracy problem, validated **MCLP optimizer**, hitting **52.3%** recall vs **17.5%** random
- To stop AI briefs inventing numbers, built a **narrator + critic LLM pair** with a hard gate that blocked every **unsourced figure**
- As one-shot rollouts risk capital, designed a **2-wave plan** that learns from early stores, adding **Rs 20** to **30 Cr** in simulation
- With capital at risk if a site underperforms, stress tested economics via **rent, competitor & capex,** revealing a **14.9% swing**

Demand Forecast for Campus Food Outlets

- Built an **hourly order forecast** for a campus food outlet from serial numbers on **50K+ receipts**, replacing gut-feel planning
- **Backtested 32 wks** out of time: weekly error 8%, half a flat guess's slot error, held within **4.2% live over 16 wks**
- Pitched to the outlet manager, who used it for **shifts & perishable stock**, daily food waste fell from **18% to 13%**

POSITIONS OF RESPONSIBILITY

Overall Head | Finance and Consulting Club, IIT Hyderabad

- Led **160+ member team** across finance, consulting, product and quant, founding **Quant domain** and engaging **3,000+ students**
- To take the flagship fest national, directed **Horizon 2026** with **20+ experts** and **12+ contests**, drawing **10,000+ registrations**
- To give members real client work, led a **live NGO consulting project** from scoping to final pitch; **client adopted our advice**
- With no in house prep material, co-authored the **1st-ed. Finance Handbook** and **Consulting & Product Casebook** with **30+ cases**

Placement Coordinator | Office of Career Services, IIT Hyderabad

- For the 2027 placement season, manage outreach, scheduling and candidate comms with recruiters.
- As Internship Coordinator, ran JD intake, eligibility screening and interview logistics for **7+** companies, processing **15+ offers**

Operations Core | Tinkerers' Lab, IIT Hyderabad

- Orchestrated logistics for 10+ large-scale events incl. DevCon and Thrust, drawing **3,000+ participants**
- Revamped vendor & equipment coordination for 10+ hands-on workshops, achieving **80%+** on-time starts
- Spearheaded Auto Expo coordination at Thrust, lifting event footfall **40%** and outreach beyond campus
