## EDUCATION

| Institution | Degree / Board | Passing Year | Score / CGPA |
|---|---|---|---|
| Indian Institute of Technology Hyderabad | B.Tech | 2027 | 8.11 |
| BSP Senior Secondary School - X | Class XII (CBSE) | 2020 | 71.00% |
| BSP Senior Secondary School - X | Class X (CBSE) | 2018 | 77.00% |

## PROJECTS

**Bark Buddies - M.Tech Thesis | ML Driven Trust Verification Platform**

- Architected a tiered trust verification system (Unverified/Basic/Fully Verified) on an "AI flags, humans verify" principle, spanning **CV based breed conformation checks across 20+ Indian breeds**, a compatibility scoring model, and health record workflows
- Conducted customer discovery via **100+ survey responses**, defining the problem statement and Value Proposition Canvas, sized **TAM/SAM/SOM** through primary and secondary research
- Built and iterated a full stack MVP on a **commission based vet booking model**, validating unit economics ahead of a broader **GTM strategy**

**WhatsApp Chat Analyzer** | Python, Streamlit, Pandas, Matplotlib, Seaborn

- Built and deployed an interactive **data analytics** web app using Python and Streamlit, transforming unstructured WhatsApp chat exports into structured datasets with Pandas for exploratory data analysis (EDA)
- Engineered a **regex-based data preprocessing pipeline** to extract features for time-series trend analysis, including daily/monthly activity, weekly heatmaps, and user level behavioral metrics
- Performed **text analytics** using word frequency, stopword filtering, and emoji usage distributions, with interactive visualizations via Matplotlib/Seaborn, and deployed the app on **Heroku** for public access

**Operations Model for Pet-Owner Matchmaking in Adoption Centers** | Operations Management Course

- Implemented the **Hungarian algorithm** in Python to solve pet-adopter assignment as a cost minimization problem using a weighted mismatch cost matrix across **~10 compatibility features**
- Tested on **50+ simulated pet-adopter pairs**, estimating a **~20-30% reduction** in mismatch cost vs. a first come first served baseline

## INDIA-JAPAN COLLABORATION

- **Deep Tech Entrepreneurial Exchange | Kyoto University & IIT Hyderabad:** Co developed design thinking solutions for urban development, healthcare, and sustainability with **30+ Japanese and Indian scholars and founders**.
- **Tongali Pitch Competition (1st Place):** Adapted a Japanese student team's solution for the Indian market through **localisation and market positioning**, securing **1st place**.
- **Japan Day 2026 | OCS, IIT Hyderabad with JETRO:** Led the effort to bring **20 Japanese companies** to campus, coordinating scheduling and on ground execution with JETRO and recruiters, **strengthening IIT Hyderabad's India-Japan recruitment pipeline and industry engagement**.

## RELEVANT COURSES

**Management:** Foundations of Techno-Entrepreneurship | Entrepreneurial Marketing | Strategic Management | Marketing Research | Innovation Management | Start-up Financing
**Technical:** Machine Learning and its Applications | Data Structures & Algorithms | Database Management Systems

## POSITIONS OF RESPONSIBILITY

**Placement Coordinator, Outreach Coordinator & Assessment Lead**, Office of Career Services (OCS), IIT Hyderabad

- Own end to end **assessment operations** for 1,200+ students across placement and internship drives, ensuring fairness and timeline integrity of recruiter assessments, while leading a **300+ member OCS team** across scheduling, recruiter engagement, and on ground execution
- Led **Japan Day 2026**, bringing **20 Japanese companies** to campus with **JETRO (Japan External Trade Organization)**, strengthening IIT Hyderabad's India-Japan recruitment pipeline

**Hostel Representative, IIT Hyderabad**

- Represented and resolved concerns of **300+ hostel residents**, serving as the primary point of contact between students and hostel administration
- Organized **MILAN inter hostel competitions**, coordinating logistics, scheduling, and cross team execution for institute level events

## SKILLS

**Programming, Data & Tools:** Python, SQL, Pandas, NumPy, Regex, Excel, Streamlit, Matplotlib, Seaborn, Git/GitHub

**ML & Research:** scikit learn, Computer Vision, Model Evaluation, Customer Discovery, Market Sizing (TAM/SAM/SOM), Value Proposition Canvas, Rapid Prototyping

**Collaboration:** Cross cultural Collaboration (India-Japan), Stakeholder Management, Cross functional Presentation

## EXTRACURRICULAR

- **Smart India Hackathon 2022:** Reached the **national finals** as part of a 6-member team.
- **NCC Camp Senior:** Led **500+ cadets** at a residential camp; selected for the **Republic Day Camp 2022, New Delhi**.
- **Inter IIT Weightlifting Meet 2025:** Represented and led the **IIT Hyderabad contingent** at the Inter IIT Sports Meet.
