EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	9.45
ODM Public School	Class XII (CBSE)	2023	95.80%
SAI International School	Class X (CBSE)	2021	98.60%

PROFESSIONAL EXPERIENCE

EY India - *Consulting, AI Products*

- Built **CapabilityEconomics**, an AI-powered Build vs Hire vs Borrow workforce-sourcing engine on SAP SuccessFactors
- Defined the decision metrics the engine optimises across - cost per seat, time-to-fill, and capability coverage
- Refined workflows and UI design choices through working sessions with EY SF solution experts and Client Technology team
- Secured buy-in from the Director of EY's SuccessFactors practice for practice add-on offering, with internal BTP roll-out
- Mapped the state of SAP Joule AI and identified custom AI whitespaces on SAP BTP as future practice offerings
- Demonstrated a modelled **23%** savings against an all-hire baseline on a 15-seat, 20 LPA role scenario

Tata Steel - *Process Research Intern*

- Diagnosed bottlenecks across **1500+** heats and **125** grades, isolating additive-injection as the driver of caster clogging
- Developed a numerical optimisation model to redesign injection practice, validating across **150+** plant-trial heats
- Raised alloy recovery to **97%** and cut alloy and gas consumption **25%** via refined additive-dosing and treatment
- Presented to plant leadership, securing adoption and shop-floor deployment of the recommended practice
- Helped reduce downstream caster clogging by improved steel cleanliness through various practice modifications

PROJECTS

Dhobee - A Unified Laundry Service Platform

- Co-designed a two-sided marketplace aggregating local laundromats with integrated pick-up and delivery
- Scoped the problem and segment using consumer and laundromat interviews across Gurgaon, Noida and Hyderabad
- Sized India's laundry market via TAM-SAM-SOM, defined user personas, and created a business model
- Mapped a monetisation roadmap and co-built an MVP in Flutter and Figma with working business logic and user flows
- Conducted competitor analysis and differentiated against incumbent players in India's laundry market

AI-Powered Review and Reputation Analyser

- Built a multi-agent tool (*CrewAI)* that ingests customer reviews, surfaces recurring themes and ranks issues by severity
- Targeted small business owners to help turn high-volume unstructured reviews into a personalised, actionable brief
- Confined the LLM to classification and language generation, keeping all ranking logic deterministic in python and testable
- Owned product scoping, objective-function design and tradeoffs, shipping editable response drafts

SteelIQ - BOF Charge Optimiser

- Built a physics-informed ML charge-optimisation model for basic oxygen furnace steelmaking, validated on **200+** heats data
- Deployed live at a **0.385 MTPA** plant as a software tool used by furnace operators for BOF steelmaking process
- Cut raw-material cost and CO2 via optimised flux and additive charging, lowering re-blow rates and lifting throughput
- Selected as top 25 national finalists for a leading metals & mining startup grant to convert the invention into a business

Quick Commerce Platform Analysis

- Analysed a simulated **1M+ order** quick-commerce dataset spanning **8** platforms & **12** cities using EDA and interpretable ML
- Cleaned the data using missing-value imputation, IQR-based outlier capping and type correction and other data cleaning tools
- Tested whether delivery speed and discounting move customer satisfaction, using Cohen's d alongside p-values
- Compared regression and classification models, using PDP/ALE plots to translate behaviour into recommendations

POSITIONS OF RESPONSIBILITY

Finance & Consulting Club - *Overall Coordinator*

- Directed **Horizon**, among South India's largest techno-management conclaves: **8** events, **3** days, **~5000** footfall
- Oversaw **3** national case competitions including ProdX with **4800+** participants, leading a **150+** member team
- Launched IIT Hyderabad's first case-interview **Casebook**, a finance ebook, to enhance campus case interview readiness
- Founded **RISE by FCC**, a career literacy program for Hyderabad school students, and founded the club's Quant vertical
- Oversaw a **10L+** budget to conduct **15+** sessions, competitions and events throughout the tenure
- Managed the output of Medium articles, and curated educational content for FCC's instagram page with **2.3k** followers

Office of Career Services - *Placement, Outreach & Career Cell Coordinator*

- Cohort co-lead for identifying, pitching, and onboarding firms across analytics, product, management and consulting
- Built a **1000+** firm database, onboarded **8+** internship roles, and ran an AI/ML careers session for **900+** attendees
- Facilitated sessions for various organisations to foster student-industry engagement to enhance career preparation

AWARDS & ACHIEVEMENTS

- **Accenture Strategy Connect S4 -** 1st Runner-up, placed 2nd of 9,900 participants nationally
- **Academic Excellence Award -** Conferred by the Director & Principal Scientific Adviser to the GoI for top academic standing
- **BTTD 2025 -** Best Technical Presentation for innovations in ferrous metallurgy at India's top student metallurgy conference
- **Other Case Competitions -** 1st Runner-Up, Mela Business Contest (Recruit Holdings Japan, MVP Build); 1st place - M&A Horizon 2024 and Solve the Case, IITH General Hostel Championship 2024
- **Trinity College London -** Completed Grade 6 certification for Guitar under "Rock n Pop" track
- **Football Enthusiast -** Founding member of IITH football community, won Fresher's football tournament and represented hostel in inter-hostel championship
