EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	5.86
Sri chaitanya junior collage	Class XII (TELANGANA STATE BOARD OF INTERMEDIATE EDUCATION (TSBIE))	2023	88.30%
sri sai vidyalayam chandoor school	Class X (BOARD OF SECONDARY EDUCATION TELANGANA (BSET))	2021	100.00%

SCHOLASTIC ACHIEVEMENTS

Demo point

Secured All India Rank 1455 JEE ADVANCED out of 155,000 candidates appearing for the test. Secured

POSITIONS OF RESPONSIBILITY

Internship Coordinator, Office of Career Service (OCS), IIT Hyderabad

Actively pitching companies to onboard for internship opportunities across various engineering branches. Played a key role in the internship drive coordination, ensuring smooth communication, scheduling,and logistics. Took charge of conducting assessment rounds for allocated companies, managing everything from test facilitation to coordination with student candidates and company representatives.

Worked as **Event Coordinator** for **Diesta**, the inter-branch competition at IIT Hyderabad (Jan 2025-feb 2025)

Milan Event, Head

Led Event Head for Milan IIT Hyderabad, ensuring smooth execution and team collaboration

Co-ordinator, Milan Hospitality

Led the Hospitality Coordination team at Milan, IIT Hyderabad

SKILLS

Programming Languages: C,C++,JavaScript, Bash, HTML, python

Database: MySQL

Frontend: React,Three.js,Bootstrap,Next.js

Backend: Node.js

Tools & platforms: Git, GitHub, Netlify, Docker, Latex, Bash,Scripting,Linux

PROJECTS

RISCV Cache Simulator:

Developed a simulator to emulate RISCV ISA, generate machine code, and simulate cache operations

Milan Website:

Designed and developed a dynamic website for IIT Hyderabad's annual cultural fest Milan. Integrated a real-time leaderboard, live score updates, and a calendar system to display event schedules. Implemented CRUD operations for admin management of eventsand scores. The website offered a responsive and interactive user experience for both participants and coordinators

Infinite Arithmetic Calculator:

Built a calculator that handles large integer arithmetic (addition, subtraction, multiplication, division) beyond standard data type limits.

Lock-Free Binary Search Trees:

Developed a multi-threaded C++17 benchmarking framework to evaluate concurrent non-blocking external BTS algorithms (Ellen et al. descriptor-based helping vs. Natarajan-Mittal edge-marking). Analyzed scaling behavior up to 16 threads and identified performance crossovers across varying key ranges and operation workloads

Compilers Project:

Developed core compiler passes and optimization routines in C++ targeting the RISC-V architecture, focusing on intermediate representation transformation, code generation efficiency,and instruction scheduling.

RELEVANT COURSES

Computer Science: Introduction to Programming, Software Development Fundamentals, Data Structures, Algorithms, Operating Systems, Computer Architecture, Database Management Systems, Theory of Computation, Introduction to Compilers

Mathematics: Calculus, Discrete Mathematics, Probability and Random Variables, Introduction to Statistics, Linear Algebra, Transformation Techniques

Others: Introduction to Artificial Intelligence, Communication Skills

EXTRACURRICULAR

Cricket NSO Team Member, IIT Hyderabad

Selected for State-Level Kabaddi Team,

selected as collage cricket tournament like diesta milan
