EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.20
SILVER LINE PRESTIGE SCHOOL	Class XII (CBSE)	2019	64.00%
SILVER LINE PRESTIGE SCHOOL	Class X (CBSE)	2017	7.40%

SCHOLASTIC ACHIEVEMENTS

- **Graduated in First Division** in Bachelor of Architecture (B.Arch), Apeejay Institute of Technology - SAP.
- Earned official status as a **Licensed Architect (B.Arch)** registered with the Council of Architecture (CoA), India.

PROFESSIONAL EXPERIENCE

ESG & Sustainable Engineering Intern | *Organica Water*

- **ESG Reporting & Analytics:** Assisted in formulating ESG reporting metrics and integrated environmental performance tracking into a real-time water infrastructure monitoring dashboard.
- **Stakeholder & Investment Coordination**: Facilitated strategic investment planning by aligning critical ESG data and leading meetings with major institutional investors, including Water Equity and Driftwood.

Business Growth & Strategy Consultant | *Freelance (Anya Jewelry, Vijay Traders)*

- **Growth Analytics & Market Expansion:** Directed data-driven digital strategies (SEO, web development, social analytics) and on-ground B2B event activations to optimize lead generation and measurable client acquisition.

Project Architect & Construction Manager | *Ram Lakshman Contractors*

- **Construction Project Management (CPM):** Managed daily site operations, material procurement, and vendor coordination to ensure project execution within scheduled timelines and budget constraints.
- **Technical Quality Control:** Conducted structural inspections and cross-functional coordination between clients, site engineers, and subcontractors to uphold design accuracy and compliance with safety standards.

Architectural Intern | *Archpedia Design Studios*

- **Working Drawings & MEP Execution:** Produced detailed architectural working drawings, electrical layouts, and plumbing (MEP) schematics to support site implementation and service coordination.

POSITIONS OF RESPONSIBILITY

Class Representative (CR) - M.Tech (Sustainable Engineering), IIT Hyderabad:

- Served as the primary liaison between a batch of 20+ postgraduates and faculty members to streamline academic schedules, course logistics, and administrative communications. Facilitated industrial visits, and academic coordination for the batch.

Vice President - Student Council, AIT-SAP (B.Arch):

- Led the college student body , managing inter-departmental operations, student grievances, and institutional event planning.

Licensed Architect (B.Arch)

- Earned official status as a Licensed Architect (B.Arch) registered with the Council of Architecture (CoA), India.

SKILLS

Technical & Software: Revit | AutoCAD | ArcGIS | OpenLCA | SAM | SketchUp| IIT Pave | Lingo | Google Analytics | WordPress | Meta Business Suite | Power BI

Core Domain: Life Cycle Assessment (LCA) | Carbon Accounting | Botanical Wastewater Design | Solar PV Modeling | Spatial Planning | Business Analytics | Market Growth Strategy

Management: Project Construction Management | Vendor Coordination | Infrastructure Execution | Workplace Strategy | B2B Networking | Digital Strategy | Stakeholder Engagement

RELEVANT COURSES

M.Tech (Sustainable Engineering): Life Cycle Assessment (LCA) | Carbon Capture, Utilization & Storage (CCUS) | Photovoltaic Technologies & Solar Economy | Sustainable Energy Systems & Storage | Fundamentals of ESG | Green Chemistry | Sustainable Building Materials

B.Arch: Building Information Modeling (BIM) | Construction & Project Management | Sustainable Architectural Design & Climatology | Building Services (HVAC, Plumbing, Electrical) | Advanced Structural Systems

PROJECTS

Water Infrastructure Real-Time Monitoring Dashboard (Industry)

Role: Project Lead (Conceptualized & Spearheaded) | **Organization:** Organica Water

Scope & Impact: Spearheaded a real-time operational dashboard to optimize water treatment efficiency, while managing GHG accounting and ESG reporting to fulfill critical sustainability data mandates for major investors (e.g., Water Equity).

Project Lithos-Shield: Zero-Cement Hydrophobic Coatings (M.Tech Thesis)

- **Role:** Lead Researcher | **Organization:** IIT Hyderabad
- **Scope & Impact:** Developing a high-performance, carbon-negative architectural coating by upcycling industrial marble and granite slurry waste via alkali-activation (geopolymerization), eliminating the need for Portland cement.
- **Technical Innovation:** Engineered surface functionalization of calcium carbonate particles to achieve a super-hydrophobic "Lotus Effect" (Water Contact Angle >120°), creating a sustainable, microplastic-free alternative to traditional waterproofing chemicals.

Factory & Restaurant Design -- Govindpuram (Industry)

- **Role:** Lead Architect & Spatial Designer
- **Overview & Impact:** Executed comprehensive architectural planning and layout design for a dual-purpose industrial and commercial facility, optimizing operational manufacturing flow alongside high-end dining spatial aesthetics.

Comparative Analysis of Solar PV Performance (Academic)

- Simulated thermodynamic and financial outcomes of Solar PV systems in Phoenix and Las Vegas using NREL SAM.
- Analyzed energy generation versus financial return, proving that cooler operating temperatures (Las Vegas) maximized energy yield (20,303 kWh), but favorable load timing (Phoenix) maximized financial ROI and Net Present Value ($2,508).

Varanasi Metro Network Corridor Optimization (Academic)

- **Role:** M.Tech Academic Project (*Optimization Course*) | **Institution:** IIT Hyderabad
- **Overview:** Developed an Integer Linear Programming (ILP) and NetworkX optimization model in Python (PuLP) to identify the optimal 20 km continuous metro corridor for Varanasi

EXTRACURRICULAR

National Netball Player | *National Level Competitions:* Represented at the national level in Netball, demonstrating high-level athletic performance, strategic teamwork, and competitive discipline.

Basketball Team Captain | *School & Undergraduate (UG): Led* school and university varsity basketball teams; directed game strategies, team conditioning, and tournament preparations.
