EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.96
Narayana Junior College, Tirupati	Class XII (Board of Intermediate Education, Andhra Pradesh)	2020	8.34%
Narayana School, Tirupathi	Class X (Board of Secondary Education, Andhra Pradesh)	2018	9.70%

EXPERIENCE

IIT Hyderabad | Intern

Worked on the DISHA Project (Digital Intelligence System for IITH Advancement)

- Automated 10+ education and employment workflows for IITH's HR portal using Python, saving 7-10 days in screening.
- Built an end-to-end PG enrollment portal using PostgreSQL & 18 APIs, ready for the next PG admissions cycle in Jan 2027.
- Worked with HR and academic staff to turn 5+ requirements into features for IITH's HR and PG enrollment portals.

Cynapto Technologies | Intern - Speech Synthesis

Worked at spectralstudios.ai, the GenAI filmmaking division of Cynapto

- Delivered 150+ hrs of AI-localized cinematic audio for 30+ speakers across films and shows, retaining natural voice quality.
- Optimized voice inference pipelines via 2,000+ evaluations, achieving accurate lip-sync across 20+ styles and emotions.

Shipd by Datacurve (YC W24) | Contributor

Shipd is the contributor platform behind frontier AI

- Created and solved 400+ AI/ML and software engineering challenges, producing data used to train frontier LLMs.
- Contributed to 3 quests through coding, debugging, and problem-solving across AI/ML and software engineering tasks.

Chegg India | Freelance Independent Contractor

Worked as a Computer Science Subject Matter Expert

- Answered 200+ Computer Science questions with detailed solutions and code, earning a 94% student rating for accuracy.
- Maintained a 4.8/5 Chegg rating across all assignments by writing clear, well-structured, and accurate explanations.

C4Scale | Trainee Software Engineer (Intern)

Contributed to BlueGuard (bluegennx.ai), an AI privacy solution by C4Scale

- Built Python pipelines for synthetic data generation across 15+ entity variants and 4 enterprise verticals for BlueGuard.
- Curated 100+ diverse contexts and 50+ entities for BlueGuard's core dataset, planned for future open-source release.

GeeksforGeeks | Content Writing Intern

Authored and published technical articles on GeeksforGeeks.

- Published 50 technical articles on Agile, System Architecture, and Python, generating 250K+ total views on the platform.
- Ranked among Top 50 in Geeks Premier League 2023 for content complexity, clarity, engagement and reader response.

PROJECTS

Voice AI Platform for Local Retail | M.Tech Thesis

- Building a multilingual Voice AI platform that lets shops manage products, prices, and stock without manual typing.
- Helping customers discover local products by asking questions by voice or text and getting results from shop catalogs.

Let's Draw | Next.js, React, TypeScript, Excalidraw, Dexie

- Built a voice-to-diagram platform with 3 diagram modes, 2 AI providers, and 500-node graph support for system design.
- Implemented user library with 3 export formats, 30-day trash recovery, folder management, and 15-min version snapshots.

Jotter | Python, Typer, SQLite, Pytest, Ruff

- Created a terminal-based sticky note CLI featuring 9 core commands for rapid task capture and SQLite local storage.
- Implemented a simple console interface with 2 output formats (tables/JSON), dynamic search, and 2-state note lifecycles.

SKILLS

Programming & AI: Python, C, SQL, Machine Learning, LLMs, NLP, PyTorch, Generative AI, Speech Synthesis, Data Analysis

Software Development: REST APIs, Django, Flask, Next.js, React, SQLite, Git, Docker, Postman, Data Pipelines, HTML/CSS

Product: Product Management, Design Thinking, User Research, Prototyping, Product Validation, Strategy, Entrepreneurship

POSITIONS OF RESPONSIBILITY

- Head of Web Domain for Diesta 2026 at IIT Hyderabad, the annual interdepartmental sports, cultural and technical fest.
- Head of Exhibitor Management for MSME Tech Connect 2026 at IITH, a 3-day event under the Ministry of MSME.
- Member of Lambda, The Software Development Club at IIT Hyderabad; contributed to club initiatives, 2025 - 26.

ACTIVITIES

- Completed PBL course "Working in Cross-Cultural Context" by JIGER, IITH, with Shimane University, Sep 7-11,

2026.

- Supported the Learn In Bharat (LIB) Workshop 2026 at SIC, IITH, contributing to the workshop event on Aug 25, 2026.
- Completed the Tongali Overseas Entry Training in India, organized by Tongali & DoEM, IIT Hyderabad, on Feb 27, 2026.
