PROJECTS

eM Tindaam -- UI/UX Project

- Designed a fun, interactive website that helps users decide **"Where should we eat?"**
- Created an engaging user flow focused on making the food-selection process simple and entertaining.
- Designed the interface with emphasis on **visual hierarchy, interaction, playful UX, and responsive design**.
- Built and deployed the project as a live web experience.

Motion Design & Product Animation

- Created motion graphics, product animations, motion UI, and VFX using Adobe After Effects.
- Focused on timing, visual storytelling, transitions, and clean commercial presentation.
- Created animations for social media, product showcases, and brand communication.

WORK EXPERIENCE

Freelance Video Editor & Motion Designer

- Created and edited **~100 reels** for celebrities and high-profile clients, generating strong social media engagement.
- Produced short-form and long-form content for technology and personal branding domains.
- Designed motion graphics and VFX elements using Adobe creative cloud.
- Managed the complete editing workflow from raw footage to final delivery under tight deadlines.
