Indian Institute of Technology Hyderabad	B.Tech	2027	8.85
RS Memorial International School, Basni, Jodhpur	Class XII (Central Board of Secondary Education)	2019	84.60%
Delhi Public School, Pal Road, Jodhpur	Class X (Central Board of Secondary Education)	2017	10.00%

ABOUT ME

From designing interfaces that breathe empathy to visualising brands that speak stories, my work lives where aesthetics meet purpose. Dancing between paper and pixels, I am passionate about understanding user needs and translating them into seamless, intuitive digital solutions.

EXPERIENCE AND PROJECTS

Freelance Projects

- Worked on the user experience of the web application of an early stage startup built at an intersection of AI and legal space. Called Arbitalis.AI, it is an AI-infrastructure which optimises and expedites the process of arbitration. It reduces repetitive legal work and helps arbitration professionals make faster, better-informed decisions.
- Worked on the brand identity of an emerging Ayurveda brand called 365 Ayurveda LLP.

Hero Vired - UI/UX Internship

Hero Vired is an EdTech venture of the Hero Group, offering industry-relevant programs in partnership with world-class institutions. During my internship, I got an opportunity to collaborate with product managers, SDE(s), BDA(s) as well as the users of our products.

- Redesigned Hero Vired's official website, thus enhancing user retention, CTR and engagement. Led to significant rise in lead generation.
- Redesigned the desktop and app version of Vlearn - Hero Vired's LMS, by conducting NPS surveys and interviews. Enhanced the learning dashboard, streamlined content discovery and enhanced the overall learning experience. Led to 20% rise in user satisfaction based on NPS reports.
- Spearheaded the design of an in-house calling Vconnect and tracking app for the people in sales department, replacing Ameyo and saving 20L annually. Led to 50% reduction in Lead Lag Time and increased call connectivity ratio by 10.7%

Branding Project - "Reet" Lac Bangles

This branding project repositions lac bangles as contemporary, meaningful artefacts by bridging the gap between their cultural significance and perceived value--making the craft desirable and relevant for today's women beyond traditional occasions.

SKILLS

- UX Research
