EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2028	7.29
Late Nirdhan Patil Waghaye Arts & Science Junior College	Class XII (Maharashtra State Board of Secondary and Higher Secondary Education)	2023	84.50%
Hyacinth's Little Flower High School	Class X (Maharashtra State Board of Secondary and Higher Secondary Education)	2021	94.00%

WORK EXPERIENCE

Marketing & Growth Intern

Tayog (IIT Hyderabad Startup) | *May 2025 - Dec 2025*

- **Onboarded 100+ users** through targeted marketing, **Represented Tayog** at the **EMC (Entrepreneurship Faculty, Musashino Campus, Tokyo)** Business Pitch Competition at **IIT Hyderabad** and the **Dream to Deal** Startup Competition at **DTU Delhi**.
- **Led and coordinated a team of 8 student ambassadors** from **IIT Delhi, IIT Kharagpur, IIT Jammu, IIT Jodhpur, IISER Pune, SVNIT Surat, Delhi University, and AIIMS Nagpur** to execute growth, outreach, and campus engagement initiatives.

SKILLS

Programming Languages: Python, C, C++, SQL(MySQL)

Machine Learning: Scikit-learn, XGBoost, Pandas, NumPy, Matplotlib

Web Development: HTML, CSS, JavaScript, Flask, Streamlit

Developer Tools: Git, GitHub, VS Code, Jupyter Notebook

Core CS: Data Structures & Algorithms, Object-Oriented Programming (OOPs), DBMS, Operating Systems

PROJECTS

SmartLoan AI : Loan Approval & Credit Risk Prediction | Python, XGBoost, Scikit-learn, Streamlit, Pandas *(GitHub Link)*

- Built an end-to-end **credit risk prediction** system using **XGBoost** on **150,000+ real-world credit bureau records**, achieving **ROC-AUC of 0.87** with **5-fold stratified cross-validation**.
- Developed a **FICO-style credit scoring engine (300-900)** and an **expected-loss (PD × LGD × EAD)** framework to generate **Approve / Manual Review / Reject** recommendations instead of fixed probability thresholds.
- Implemented **SHAP explainability**, **Isotonic Regression** for probability calibration, **fairness auditing (Four-Fifths Rule)**, and **Population Stability Index (PSI)** drift monitoring; deployed an interactive **Streamlit** dashboard for real-time credit risk assessment.

FlashRoute AI : Delivery ETA & Route Optimization | Python, XGBoost, Scikit-learn, **Graph Algorithms (Dijkstra, A*)**, NetworkX, OSMnx, Flask, Pandas *(GitHub Link)*

- **Built** an end-to-end delivery ETA prediction and route optimization platform using **Machine Learning** and **Graph Algorithms** on **45,600+ real-world delivery records**, achieving **R^2 = 0.40** and **RMSE = 7.25 minutes** .

- **Engineered** an optimized routing engine using **Dijkstra** and **A*** over **400+ node** road networks, benchmarking shortest-path accuracy, explored nodes, and execution time to analyze routing performance.
- **Developed** an interactive **Flask** web application integrating ETA prediction and real-time route visualization with **OSMnx** and **Folium**, while performing feature engineering and data cleaning to improve prediction reliability.

Nihongo Sensei : AI Japanese Teacher |HTML, CSS, JavaScript, Vite, Express.js, Groq API *(GitHub Link)*

- Built a **full-stack AI-powered Japanese learning platform** with **50+ Hiragana & Katakana characters, 60+ vocabulary words, Kanji, grammar lessons, progress tracking**, and interactive quizzes for beginners.
- Developed an **AI Sensei** using **Groq Llama API** that provides bilingual (**English + Hindi**) Japanese doubt solving and dynamically generates **JLPT N5-level quizzes** with MCQs.
- Engineered a responsive **Vite + Express.js** application with secure backend API integration .

POSITION OF RESPONSIBILITY

Ideation Coordinator

Finance and Consulting Club, IIT Hyderabad | *May 2025 - May 2026*

- Brainstormed and developed innovative ideas for club events, workshops, and speaker sessions.
- Contributed to event strategy, problem-solving, and idea pitching to improve participant engagement

Outbound & PR Coordinator

International Relations Cell, IIT Hyderabad | *May 2025 - May 2026*

- Facilitated communication with international universities, partner organizations, and students.
- Coordinated outreach initiatives and supported international academic and cultural exchange activities.

ACHIEVEMENTS

- **Solved 400+ DSA problems** on platforms such as **LeetCode** and **GeeksforGeeks (GFG)**.
- **Solved 50+ SQL problems** on platforms like **LeetCode**.
- **Qualified JLPT N5 (Japanese Language Proficiency Test) with Score of 108/180**.
