EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2028	8.06
narayana junior college	Class XII (telangana state board of intermediate education)	2024	98.30%
narayana high school	Class X (telangana state board of secondary education)	2022	9.80%

EXPERIENCE AND POSITIONS OF RESPONSIBILTIES

Entrepreneurship Club IIT Hyderabad - Ideation Manager

- **Contributed to planning** of flagship events including **E-Summit** and **CEO Summit**, attracting **8,000+ participants**.
- **Ideated and launched collaborative initiatives** that increased event participation by **40%** through strategic partnerships, targeted engagement campaigns, **data-driven outreach strategies, and stakeholder collaboration**.
- **Managed event operations and budget execution** for initiatives exceeding **25 Lakhs**, ensuring seamless cross-functional coordination, **resource allocation, vendor management, timeline adherence, and successful end-to-end delivery**.

Finance & Consulting Club, IIT Hyderabad , Corporate Partnerships & Growth Head 2026-Present

- Onboarded **5 corporate partners** including Louis Stitch, Snitch, Nutribs, Aura Fragrance, and Odoo through strategic outreach and sponsorship discussions.
- Leading **corporate partnerships** for flagship events engaging **6,000+ participants**, managing sponsor outreach, negotiations, and partnership deliverables.
- Driving **business development** by expanding industry collaborations and supporting flagship events, workshops, and national case competitions.

Tinkerers' Lab, IIT Hyderabad Corporate Networking & Growth (CNG) Coordinator | 2025-26

- Contributed to **40% of total sponsorships** for YUVAAN and THRUST, securing **3 Lakh** in non-monetary sponsorships from StockEdge and Make Your Own Perfume, along with Dopamine Store as a partner.
- Secured **Vivriti Capital** as **Co-Title Sponsor**, raising **2.5 Lakh** for YUVAAN's 7.5 Lakh prize pool hackathon through corporate outreach and sponsorship negotiations.

Inter IIT Sports Meet - Production Coordinator | 2025-26

- Coordinated production planning and on-ground operations with **30+ volunteers**, ensuring seamless execution of event logistics and adherence to project timelines.
- Managed stakeholder communication, resource allocation, and task tracking across **10+ operational workstreams**, proactively resolving execution challenges to support end-to-end event delivery.

SKILLS

Programming Languages - C, C++, Python

Web Technologies - HTML, CSS, Javascript, React, Node.js, Express.js

Databases - MySQL, MongoDB

Libraries and Tools - Numpy, Pandas, Scikit learn, streamlit, Matplotlib, Git, Github, Solid Edge

Professional Skills - Stakeholder Management, Project Management, Market Research, Data Analysis, Problem Solving

PROJECTS

ShopSphere E-Commerce Platform - **Skills:** MongoDB, React.js, Node.js, Express.js

- Developed a **responsive full-stack e-commerce platform** using the **MERN stack**, implementing reusable React components, RESTful APIs, and a scalable client-server architecture.
- Built **end-to-end CRUD functionality** for product management, integrating **MongoDB** with **Express.js** and **Node.js** to enable efficient data storage, retrieval, updating, deletion, **through optimized backend APIs**.
- Implemented **dynamic light/dark theme switching**, responsive layouts, backend routing, and API integration to deliver a seamless user experience across desktop and mobile devices **with efficient state management**.

Spam Email Classifier - **Skills:** Python, Scikit-learn, Logistic Regression, TF-IDF, Pandas

- Developed a **machine learning-based spam classifier** using **Logistic Regression**, training on a dataset of **5,500+ labeled messages** with text preprocessing, TF-IDF vectorization, feature extraction, **and optimization**.
- Performed **data preprocessing and feature engineering** by cleaning text, removing stop words, tokenizing messages, and generating **8,000+ TF-IDF features** for effective text representation **using efficient preprocessing techniques**.
- Trained and evaluated the model using **Scikit-learn**, achieving **over 95% classification accuracy** while leveraging precision, recall, and F1-score to assess prediction performance **across multiple evaluation metrics and datasets**.

Student Management System - **Skills:** MySQL, Node.js, Express.js, REST APIs

- Developed a **database-driven student management system** using **Node.js**, **Express.js**, and **MySQL**, implementing RESTful APIs for efficient data management **with scalable backend architecture and modular API design**.
- Designed and executed **SQL queries** for CRUD operations, filtering, searching, sorting, and retrieving student records with optimized database interactions **to improve query performance and data consistency**.
- Built secure API endpoints for student registration, updates, and record management, ensuring reliable backend functionality, seamless database connectivity, **with robust input validation and error handling**.

ACHIVEMENTS AND EXTRACURRICULARS

- **Represented the IIT Hyderabad Women's NSO Football Team**, competing in multiple intra-college tournaments.
- **Won Gold, Silver medals** in Women's Weightlifting and Volleyball, respectively, at IIT Hyderabad's **General Championship**.
