EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2028	7.35
MVP's Arts, Science and Commerce College, Ozar MIG, Nashik, Maharashtra	Class XII (Maharashtra State Board)	2024	83.83%
MVP's Horizon Academy, Nashik, Maharashtra	Class X (Maharashtra State Board)	2022	93.00%

ACHIEVEMENTS

- **Secured 2nd place** at the **Learn in Bharat IITH Ideathon** by Suzuki Innovation Center, solving and presenting a problem within **1 hour** in a cross-cultural team.
- **Ranked 39th** in **Optiver Trade-A-Thon 2026**.
- Solved **300+ algorithmic problems** on **LeetCode**, strengthening proficiency in **Data Structures & Algorithms**.
- **Gold Medalist**, Lawn Tennis, **Milan (Inter-Hostel Sports Competition)**.

PROJECTS

Stock Price Prediction using LSTM | Python, TensorFlow, Keras, Pandas, NumPy | GitHub Link

- **Developed** an LSTM-based forecasting model to predict next-day stock prices using **60-day historical sequences**.
- **Implemented** a preprocessing pipeline with **normalization, sequence generation,** and train-test splitting.
- **Trained and evaluated** the model using **MAE, MSE,** and **RMSE** to measure forecasting performance.
- **Visualized** predicted versus actual prices to assess model performance and **forecasting accuracy**.
- **Saved** the trained model and developed a **reusable prediction pipeline** for future stock price forecasting.

Movie Recommendation System | Python, Pandas, NumPy, Scikit-learn | GitHub Link

- **Developed** a content-based recommendation system to suggest movies similar to a selected title.
- **Preprocessed** movie data using **genres, keywords, cast, director,** and title as recommendation features.
- **Applied CountVectorizer** and cosine similarity to calculate similarity between movies.
- **Ranked** similarity scores to generate the **Top-K movie recommendations**.

Group Expense Manager | HTML, CSS, JavaScript | GitHub Link

- **Developed** a responsive expense management web app supporting **equal and manual bill splitting**.
- **Implemented** automated balance-based settlement to **minimize transactions** between group members.
- **Built** an interactive dashboard showing **total expenses, top spenders, expense count,** and spending distribution.
- **Persisted** group, member, and expense data using the **Browser Local Storage API** without a backend.
- **Designed** the application for **real-time expense tracking** with simplified group settlement and management.

Affordable Mechanical Prosthetic Arm -- Under **Prof. Safvan Palathingal, IIT Hyderabad**

- **Led** a 5-member team developing an affordable mechanical prosthetic arm with reduced operating force.
- **Designed and 3D-printed** prototype components and developed a working mechanism using **static balancing**.
- **Optimized** the mechanism to reduce actuation force while maintaining required arm movement.
- **Managing** force and stress analysis for the final functional prototype.

SKILLS

Languages: C, C++, Python

Core CS: Data Structures & Algorithms, DBMS, SQL, Operating Systems

Web: HTML, CSS, JavaScript

Machine Learning: TensorFlow, Keras, Pandas, NumPy

Tools: Git, GitHub, VS Code, Jupyter Notebook, Microsoft Excel

Mechanical: Autodesk Fusion 360, Siemens Solid Edge

POSITIONS OF RESPONSIBILITY

Manager, Events and Competition Domain, E-Cell, IIT Hyderabad

- Managing Startup Studio, a 90-day accelerator program supporting early-stage startups in MVP development, goto-market strategy, and mentor networking.
- Coordinating with founders, mentors, and teams to streamline program activities and startup engagement.
- Planning and executing entrepreneurship-focused events and competitions to strengthen the startup ecosystem at IIT Hyderabad.

EXTRACURRICULAR

Sports: Main sport: Lawn Tennis. Also enjoy playing volleyball, table tennis, and exploring new sports.

Recreational Guitar Player.

Volunteer, **National Service Scheme (NSS)**, IIT Hyderabad - Participated in community outreach initiatives.

RELEVANT COURSES

- Introduction to Programming, Data Structures and Applications
- Finance for Engineers, Introduction to Entrepreneurship, Entrepreneurship Opportunities in Climate Change
- Spoken Japanese Basic
