## EDUCATION

| Institution | Degree / Board | Passing Year | Score / CGPA |
|---|---|---|---|
| Indian Institute of Technology Hyderabad | B.Tech | 2028 | 6.94 |
| SR JUNIOR COLLEGE | Class XII (TELANGANA BOARD OF INTERMEDIATE EDUCATION) | 2023 | 92.90% |
| KENDRRIYA VIDYALAY NO.1 UPPAL | Class X (CENTRAL BOARD OF SECONDARY EDUCATION) | 2021 | 93.00% |

## PROJECTS

**Insurance Charges Prediction | Python, Data Analysis & Machine Learning**

- Conducted EDA on **1,338** insurance records to identify cost drivers through statistical and correlation analysis.
- Applied Pearson Correlation, Chi-Square selection, scaling, and one-hot encoding to identify significant predictors.
- Built a regression pipeline achieving ~**0.80** $R^2$, translating insurance data patterns into predictive insights.

**Breast Cancer Analysis & Classification | Python, Scikit-learn, Statistical Analysis**

- Analyzed **569** records across **30** features using Information Gain, Backward Elimination, SVM-RFE & PCA for selection.
- Evaluated **3** classification algorithms and **4** SVM kernels using GridSearchCV and stratified **5**-fold cross-validation.
- Achieved **97.08%** accuracy and **92.19%** malignant recall with SVM-RFE, and **99.60%** ROC-AUC with Logistic Regression.

**Heart Stroke Predictor | Python, KNN, Streamlit**

- Developed KNN prediction model using Python, Pandas, and Scikit-learn to analyze data and generate stroke predictions.
- Built and deployed an interactive Streamlit interface, integrating model outputs with user inputs to deliver predictions.

**Monocular 3D Object Pose Estimation | Python, OpenCV, PnP**

- Built a **monocular computer-vision pipeline** to estimate the **3D pose of an irregularly shaped object from a single image** using 2D-3D keypoint correspondences and Perspective-n-Point (PnP) estimation.
- Implemented **pose visualization, reprojection-error evaluation, and keypoint-noise sensitivity analysis**, demonstrating practical understanding of visual state estimation and robustness for **robotic perception and manipulation**.

## SKILLS

**Analytical Skills**: Statistical Analysis, Data Interpretation, Data Preprocessing, Data Visualization, Feature Engineering, Feature Selection, Experimental Research, Literature Review, Scientific Analysis, Problem Solving

**Technical Skills**: Python, Pandas, NumPy, Regression, Classification, Model Evaluation, Supervised Learning, Unsupervised Learning, Deep Learning, OpenCV, Excel, Jupyter Notebook, Matplotlib, Seaborn, Linux Shell, DIFFRAC.EVA, PowDLL, OriginPro

**Product & Software Skills**: Frontend Development, Digital Platform Management, PowerPoint

## POSITIONS OF RESPONSIBILITY

**E-Cell Manager** *August 2025 - April 2026*

- Led outreach to **250+** startup founders, investors, VCs, and industry experts, building strategic relationships and securing speakers for **E-Summit** and **E-Merge**, thereby expanding the institute's entrepreneurial network and industry presence.
- Directed end-to-end execution of **flagship entrepreneurship events**, coordinating cross-functional teams, timelines, logistics, competitions, and networking activities while ensuring seamless on-ground coordination and smooth event delivery.

**E-Cell Coordinator** *August 2024 - April 2025*

- Identified and compiled a database of **200**+ speakers, **founders**, and industry **professionals** for **E-Summit,** enabling targeted outreach, streamlining communication, and supporting speaker onboarding throughout the planning process.
- Coordinated logistics and on-ground execution for **E-Summit**, managing **120+ student volunteers**, delegating responsibilities, resolving operational challenges, and facilitating cross-team coordination to ensure seamless event delivery.

**MMC - Technical Coordinator** *July 2026- Present*

- Managed and maintained the **SVA (Mess Registration) Portal**, ensuring reliable system functionality, uninterrupted user access, timely issue resolution, and an efficient digital experience for students using the platform.
- Developed digital feedback and menu polling systems using Google Forms, coordinating with vendors and mess administration to streamline workflows, improve operational efficiency, and enhance student services.

**Diesta - PR Head** *February 2026- March 2026*

- Spearheaded a social media PR campaign comprising **20+ promotional posts and reels**, each averaging **7,000+ views**, significantly increasing the event's digital reach, audience engagement, and overall visibility of the event.
- Captured high-quality event photography for promotional campaigns and live coverage while planning publicity strategies that **strengthened brand presence**, maximized participant engagement,to the **successful promotion** of event.

**Multimedia - Hosting & Interview Domain :**

- Contributed to the planning and execution of major institute events.
- Hosted the Freshers' Orientation for an audience of **1,200+ attendees** in the presence of institute dignitaries and guests.
- Hosted the Diesta Closing Ceremony, ensuring **smooth stage coordination** and audience engagement.
- Authored event scripts, prepared interview questionnaires, and **coordinated** with speakers and organizers to ensure **professional event execution.**

**Otaku Club - Core Team**

- Will organize **anime screenings, competitions, workshops, and community events** while leading outreach to organizations such as Crunchyroll to establish sponsorships, foster industry collaborations, and strengthen the club's external partnerships.
- Will coordinate **event planning** and **partnership management** to expand the campus anime community, increase member participation, and deliver engaging experiences throughout the academic year.

## SCHOLASTIC ACHIEVEMENTS

Awarded a **Letter of Recommendation** for demonstrating strong research aptitude,skills, and commitment
