PROJECTS

Bridging the PM-KISAN Delivery Gap | Independent Policy Research

- **Analysed 34 Maharashtra districts** using PM-KISAN self-registration and KCC data to examine geographic variation in welfare-delivery and financial-access conditions
- **Built a district-level last-mile delivery framework** normalising administrative processing by beneficiary base and segmenting districts into **four implementation profiles**
- **Identified 15.5× inter-district variation** in normalised PM-KISAN self-registration processing intensity and translated district-level bottlenecks into targeted policy interventions.

Reducing Financial Fraud Through Risk-Based Transaction Monitoring | Self-Project

- Analysed **284K+ financial transactions**, identifying card-testing and low-value transactions as fraud patterns.
- Found that **over 50% of fraud cases** occurred during overnight hours, highlighting gaps in existing controls.
- Built a **fraud dashboard** featuring risk scoring, transaction monitoring, and activity tracking, improving detection by

25-35%.

Improving Profitability in India's Quick Commerce Ecosystem | Finance & Consulting Club, IIT Hyderabad

- Analysed Blinkit, Zepto & Instamart operations in India's **64,000 Cr+** quick-commerce market growing **75%+ annually**.
- Found orders **below 250 accounted for 40%+** of deliveries, while dark stores operated below **60% capacity**, reducing profits.
- Developed a delivery-zone and inventory framework, **reducing costs by 10-15%** and improving dark-store utilisation.

SKILLS

- **Technical Skills**: Proficient in SQL and Python; Familiar with Excel, Tableau, PowerBI, Basic familiarity with REST APIs and database basics.
- **Business & Analytical Skills**: Strong Analytical Skills, Market Research, GTM, user insights, problem-solving.
- **Business Communication Managerial & Soft Skills**: Written and Verbal Communication, Leadership, Team Management, Strategic Thinking, Business Ethics

WORK EXPERIENCE

Boston Consulting Group (BCG) -- **Strategy Consulting Virtual Internship**

- Analysed **3-year P&L and balance sheet data** across three competitor benchmarks to evaluate the **financial impact of an instalment-financing model** for client BeyondTech, identifying key **revenue and margin trade-offs**.
- Analysed a **consumer survey of 450** alongside competitor financial data (**12% average revenue growth**) to assess market demand, identifying key **adoption drivers** and customer segments most receptive to financing.

EXTRACURRICULAR

- Active member of **NSS IIT Hyderabad**, contributing to community service and social outreach initiative

- Worked on creator outreach, business development, and brand partnership initiatives through the Influencer Management Organisation **(IMO)**, supporting collaborations between creators and brands.
