EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2028	7.93
Sri Chaitanya Junior College	Class XII (TS Intermediate Board)	2024	96.70%
Sri Chaitanya High School	Class X (TS State Board)	2022	10.00%

SKILLS

Languages: Python, C++, SQL, C.

Machine Learning & AI: Supervised Learning, Classification Models, Scikit-learn, TensorFlow, PyTorch.

Data Analysis & Statistics: Exploratory Data Analysis (EDA), Feature Extraction, Data Cleaning, Data Preprocessing.

Data Science Libraries: NumPy, Pandas, Matplotlib, Seaborn, Plotly(Familiar).

IDE & Tools: Excel, Jupyter Notebook, VS Code, Git, GitHub, SolidEdge.

Business & Product Analytics: Product Metrics, KPI Tracking, Root cause Analysis(RCA), User Research, Data-Driven Decision Making.

POSITIONS OF RESPONSIBILITY

Head, Extra Mural Lectures Club, IIT Hyderabad '26 | Collaboration & PR Coordinator '25

- Led PR and collaborations for **6+ distinguished speaker events**, driving **2× growth** in event participation and visibility through targeted outreach, promotional campaigns, and cross-campus engagement.
- Coordinated the end-to-end execution of Group Captain Shubhanshu Shukla's lecture, managing logistics, stakeholder coordination, and an audience of **800+** attendees from IIT Hyderabad and external institutions.

Corporate Partnerships & Growth Coordinator, Finance & Consulting Club, IIT Hyderabad '25

- Pitched to **150+** companies, securing monetary and in-kind sponsorships through corporate partnerships and contributing to the **10× growth of flagship event HORIZON** in scale and visibility.
- Collaborated with StockGro and The Product Folks to organize finance and product management competitions on Unstop**,** attracting **4,000+ registrations**

Internship Coordinator, Office of Career Services, IIT Hyderabad '26

- Drive corporate outreach by pitching IIT Hyderabad to prospective recruiters, and build industry relationships.
- Coordinate end-to-end internship workflows for **600+** students, facilitating recruiter-student communication and serving as the primary liaison between recruiters, students, and the institute to ensure seamless recruitment operations.

PR & Publicity Coordinator, Sci-Tech Council, IIT Hyderabad '25

- Managed PR and publicity for events across **9+ recognized student clubs** under the SciTech Council, including **Epoch (AI/ML), Infero (Competitive Programming), Glitch (Gaming)**, and other technical clubs, planning promotional campaigns to maximize event outreach and student participation.

PROJECTS

Bayesian News Classifier using TF-IDF

- Built an NLP-based news classification system using TF-IDF Vectorizer and Multinomial Naive Bayes to classify **18k+ news articles** into **20 categories**, achieving **86.55% accuracy**.
- Processed raw text data through **text preprocessing**, converted it into numerical features using **TF-IDF**, and evaluated the model using **Accuracy, Precision, Recall, F1-Score, and Confusion Matrix**.
- Python, Pandas, NumPy, TF-IDF Vectorizer, Multinomial Naive Bayes, Matplotlib.

Intelligent Retail Price Optimization

- Built an **XGBoost regression model** to predict optimal product prices using inventory, demand, competitor pricing, and product features, achieving an R^2 score above 0.89 on the evaluation dataset.
- Developed an end-to-end ML pipeline including data preprocessing, feature engineering, missing value imputation, model training, and confidence score generation.
- Python, Pandas, Scikit-learn, XGBoost, Jupyter Notebook.

Credit Risk & Customer Portfolio Analytics

- Analyzed **credit and customer portfolio data** using Python and PostgreSQL, leveraging EDA and advanced SQL (CTEs, joins, window functions) to identify repayment, delinquency, and customer risk patterns.
- Performed **customer segmentation and risk analysis** using financial KPIs and behavioral trends to uncover key risk drivers and generate data-driven business insights.
- PostgreSQL, Matplotlib, Seaborn, SciPy.

CASE STUDY/CERTIFICATIONS

- Participated in a **National Product Management Case Competition**, proposing a growth strategy for **Grok AI** to improve user adoption and retention.
- Performed **competitive benchmarking, user persona analysis, journey mapping, and feature prioritization** using the RICE framework.
- Defined **North Star metrics, user journey, and retention strategies** to improve activation, engagement, and product growth.

EXTRACURRICULAR ACTIVITIES

- Active **NSS Volunteer** at IIT Hyderabad; contributed to **online tutoring** for residential school students and participated in orphanage visits and community service activities.
- Secured 2nd place in **DIESTA**, IIT Hyderabad's Inter-Departmental Football Tournament, representing the Civil Engineering department.
