EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2028	7.03
Narayana College	Class XII (Telangana Board Of Intermediate Education)	2024	88.50%
Narayana School , Karmanghat	Class X (Telangana State Board)	2022	9.20%

SCHOLASTIC ACHIEVEMENTS

- **Selected for 2nd stage of Mathematics Olympiad (RMO) Top 300 in Telangana Region**

SKILLS

Skills: Product Analytics | Data Analysis | A/B Testing & Experimentation | Funnel & Cohort Analysis | Root-Cause Analysis | Metric Design | Product Strategy | Product Management | User Research | Market Research | Stakeholder Management | Problem Solving

Programming Languages: SQL | Python | C | MATLAB

Libraries, Frameworks & Tools: Excel | Power BI | Tableau | Pandas | NumPy | SciPy | Matplotlib | Streamlit | Jupyter Notebook | Git | GitHub | Figma

Domain: Ad-Tech Metrics (CTR, CPC, RPM, Fill Rate, Viewability)

RELEVANT COURSES

Analytics: SQL, Exploratory Data Analysis (EDA), Statistical Analysis, Data Visualization

Computer Science : Data structures and Applications, Algorithms, Data Base Management System - 1, Introduction to Programming.

Artificial Intelligence and Machine Learning : Foundations of Machine Learning, Deep Learning, AI for Humanity, Programming for AI, Introduction to Modern AI, Intro to Classical AI, Probability and Random Variables, Matrix Theory

PROJECTS

AdPulse: Publisher Monetization Analytics & Experimentation Toolkit

- Built an end-to-end analytics toolkit for a contextual-advertising platform in Python, SQL and Streamlit. It runs on a simulated dataset of 300 publishers (79K publisher-device-day records) and a 500K-session ad-layout experiment, and reproduces KPI reporting, funnel, retention-cohort and revenue-concentration analyses (top 10% of publishers = 56% of revenue).
- Designed an A/B-testing framework with sample-ratio-mismatch checks, CUPED variance reduction (14.8%), delta-method confidence intervals for CTR, guardrail metrics and Holm-corrected segment analysis. It showed that a +9.7% revenue lift came from added ad slots, not engagement: CTR lift fell from +6.6% to 0.3% (novelty effect), and mobile breached the pages-per-session guardrail (3.8%). The recommendation was to ship to desktop and tablet and iterate on mobile.
- Implemented a revenue-change decomposition (LMDI) that splits revenue into traffic, fill rate, CTR and CPC contributions that reconcile exactly. It attributed a 5.5% month-over-month increase mainly to CPC (+5.1pp).
- Built a seasonal anomaly detector with root-cause drill-down, validated against injected incidents (3/3 detected, 0 false positives), and sized about $357K (15% of revenue) of segment-level upside by benchmarking against peers.
- Wrote SQL with window functions and recursive CTEs, 15 unit tests, a GitHub Actions CI workflow and an interactive dashboard

Rewards Redemption Optimization -- Independent Product Case Study

- Conducted 8 user interviews to identify drivers of unredeemed credit card rewards; prioritized fixes using RICE framework
- Authored end-to-end PRD for a rewards-value-visibility feature, defining scope, edge cases, and success/guardrail metrics
- Designed and analyzed an A/B test (n=2,943/arm) using a two-proportion z-test in Python; found statistically significant +12.2% lift in redemption rate (p=0.021)
- Identified a guardrail metric failure (-8.7% avg. redemption value) despite primary metric success, and delivered a data-backed "hold" recommendation with proposed follow-up test
- Built reproducible analysis pipeline (Python: pandas, scipy, matplotlib) and interactive HTML results dashboard

POSITIONS OF RESPONSIBILITY

Hospitality Domain Head | Abhyanth 2026, IIT Hyderabad *(Jul'26-Present)*

- Leading hospitality planning and guest management for Abhyanth 2026, coordinating accommodation, transportation, and event logistics.
- Contributing to sponsorship outreach and marketing initiatives to strengthen partnerships and increase event visibility.
- Coordinating with multiple domains to ensure smooth execution of pre-event operations and stakeholder engagement.

EXTRACURRICULAR

Mentored 4 students for **JEE Advanced** and **Mathematics Olympiad**, teaching problem-solving strategies and core concepts

Cricket: Institute Cricket League **Winner** | **Player of the Match** | Participant in Diesta (Inter-Department) & Milan (Inter-Hostel) tournaments.

As part of **National Service Scheme(NSS)**, participated in community awareness campaigns and walkathons promoting health, social responsibility.
