WORK EXPERIENCE

Software Engineering Intern, RocketSDR (YC W21)

- Engineered the **calling infrastructure** by integrating **Twilio and Plivo**, enabling automated calling, call analysis, and SDR training workflows across the platform.
- Built an **AI-powered interaction layer** using **Google Vertex AI**, enabling natural-language workflows through **LLM loops, MCP calls, and multi-step actions** across the platform.

OCI / Software Engineering Intern, Oracle

- **Developed native Apache Iceberg integration for Oracle Essbase**, extending federated data access to Iceberg tables in object storage and eliminating repeated full-data copies to ADB-S for changing datasets.
- **Implemented version-aware querying and time-travel support** using Iceberg snapshots, coordinating Essbase, ADB-S, catalog metadata, and object storage to enable historical dataset comparison within existing Essbase workflows.

Frontend Engineering Intern, Prava AI

- Built the **foundation of Prava's design system** by developing a robust core library of **reusable UI components**, ensuring visual and functional consistency across all products.
- Developed and integrated **dynamic, interactive data visualization components**, enabling real-time insights through seamless integration with **backend APIs** and live data sources.

PROJECTS

Aeren (aeren.io) - Gym Management & Fitness Platform | Adopted by 15 Gyms

- Built an **end-to-end gym platform** with **CRM**, membership management, operations, and automated workflows.
- Developed an **AI-powered receptionist** for front-desk queries, member interactions, and routine gym operations.
- Built an **AI-powered fitness app** providing **personalized fitness guidance** and digital tools for gym members.

Room Booking System (dashboard.admin) - Room Reservation and Approval Workflow

- Automated bookings and approvals using **Gmail APIs** and **Apps Script**, handling **200+ monthly requests**.
- Built a scalable **GoLang backend** for real-time availability checks, booking logic, and notifications, **cutting effort by 50%**.
- Partnered on a **Flutter-based UI** that enables college clubs to view **live room status** and make fast, intuitive requests.

ElevinAI (elevin.ai) - AI-Powered Team Management Platform

- Built an **AI-driven platform** helping managers deliver **feedback, track performance**, and guide team development.
- Integrated **Llama-4-Scout-17B** to summarize peer feedback in **real time** and generate **actionable insights** for performance.
- Designed a **responsive React + Tailwind UI** for streamlined peer reviews, detailed competency ratings, and coaching flows.

SKILLS

- **Languages**: GoLang, TypeScript, JavaScript, HTML5, CSS3, C++, Python, SQL, Bash
- **Technologies**: Azure, AWS, Google Apps Script, Google Cloud, Firebase, Git/GitHub/GitLab
- **Tools**: Socket.IO, Vite, React, Next.js, REST APIs, Express.js, MongoDB, PostgreSQL

RELEVANT COURSES

- **Computer Science**: Data Structures, Algorithms, DBMS, Compilers, Introduction to Programming, Theory of Computation
- **Mathematics**: DSA Lab, Number Theory, Probability Theory, Applied Statistics, Combinatorics and Graph, Calculus, Linear Algebra, Linear Programming, Introduction to Metric Spaces, Introduction to Group Theory, Ordinary Differential Equations
- **Electrical and AI**: Convex Optimization, Digital Circuits, Artificial Intelligence
- **Miscellaneous**: Introduction to Entrepreneurship, Communication Skills

EXTRACURRICULAR

- **Worked on freelance development projects** including platforms such as **Daveedo**, **CMD IITH** and **NANOX IITH**, delivering responsive, production-ready websites tailored to client needs.
- **Received the 'Best Bowler' award** from the **Mathematics Department** for outstanding performance in departmental sports tournaments, demonstrating teamwork and competitive spirit.
- **Co-authored a mathematics book** as part of the *Writing and Presenting Mathematics* course; presented chapters to faculty.

POSITIONS OF RESPONSIBILITY

- **Overall Head,** Lambda - The software development club
- **Dev Core,** Lambda - The software development club
- **Web Coordinator,** Elan & nVision - The techno-cultural fest
- **Web Coordinator,** Milan - General Championship
- **Sponsorship Deputy Coordinator,** Elan & nVision - The techno-cultural fest
