EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.83
Maheshwari Public School	Class XII (Central Board Of Secondary Education)	2023	93.20%
Maheshwari Public School	Class X (Central Board Of Secondary Education)	2021	97.20%

WORK EXPERIANCE

Summer Internship | Bank of New York

- **Developed an AI agent** on BNY's custom Eliza Workbench to automate production log analysis, processing **5+ GB of client data daily** to generate root-cause summaries, recommended fixes and Jira tickets, eliminating manual effort and **reducing data-leak risk by 15%**.
- **Optimized 3 client workflows** for account freeze/unfreeze, Wove restrictions and investment changes, achieving **10% reduction in execution time and operational costs** while enhancing efficiency and **client experience**.
- **Developed** a cybersecurity **risk-mitigation system**, streamlining vulnerability remediation through **process automation**, achieving a **10% reduction in vulnerability exposure** and improving operational efficiency, with the solution validated by **managers across Wealth Engineering Services**.

Research Internship | Department of Physics, IIT Hyderabad

- **Designed and developed** a vein visualization device from scratch using **Solid Edge**, optimizing product design, ergonomics, mechanical architecture and manufacturability through **5 design iterations**.
- **Prototyped and validated** the device through **CAD modelling, assembly and 3D printing**, with the final prototype progressing to **hospital-level testing across Hyderabad**.

POSITIONS OF RESPONSIBILITY

Placement Manager | Office of Career Services (OCS), IIT Hyderabad

- **Selected from 100+ candidates** as Placement Manager, leading a **400+ member team** managing placement operations for **1,600+ UG & PG students** and coordinating recruitment across diverse domains.
- **Spearheaded** the development and implementation of an **Alumni Placement Policy**, enabling **200+ unplaced alumni** to access structured campus recruitment opportunities in subsequent placement cycles.
- **Led and coordinated** Japan Career Day, Nagoya Day, Mini Hamamatsu Day, Hamamatsu Day & Career Connect, engaging **75+ companies** and **2,000+ students** through industry engagement.
- **Implemented a credit-based career development policy** and led **career readiness programs** on CV building, interview preparation and industry insights, benefiting **2,500+ students**.

Sponsorship Head | Science & Technology Council, IIT Hyderabad

- **Established** the SciTech Management Team, creating a unified platform for **11 technical & science clubs** and driving **cross-club collaboration** and industry engagement.
- **Led a 40+ member team** driving **sponsorship acquisition and corporate partnerships** across **11 clubs**, spearheading **2+ corporate hackathons** with Matiks and Honeywell and expanding industry engagement across the council.

RELEVANT COURSES

- **Management:** Corporate Finance, ESG for Entrepreneurs, Intellectual Property Rights, New Venture Creation, Design Thinking, Text & Visual Analytics for Business, Marketing Research, Game Theory for Startups, Decision

Modelling

- **Engineering:** DBMS, Introduction to Programming, Introduction to AI, Statistics, Probability, Industrial Engineering, Operations Research, Control Systems, Manufacturing Sciences, Fluid-Solid Mechanics, Modelling and Simulation

PROJECTS

AI-Powered Market Research & Customer Intelligence

- Built an **AI-powered market research framework** analyzing **6,000+** synthetic **customer interactions**.
- Segmented **1,200+ users** based on behavioral patterns and designed **AI-assisted research workflows** to identify relevant user cohorts and prioritize participants for targeted qualitative interviews.
- Synthesized customer feedback and behavioral evidence to identify **10 recurring pain points and product opportunities**, translating research findings into actionable insights for **product prioritization and roadmap decisions**.

AI-Driven BGV Intelligence & Decision Support Platform

- Built an **AI-powered BGV intelligence platform** enabling HR users to query employee verification data in natural language and instantly retrieve relevant records, insights, and verification outcomes.
- Developed **automated analytics and adaptive visualisation** capabilities to transform raw BGV data into interactive dashboards, statistical summaries, and easily interpretable verification trends.
- Created a **self-validating insight pipeline** that detects query issues, retries failed analyses, and recommends follow-up actions, reducing BGV analysis **TAT from 1-2 hours to 3-4 minutes**.

SKILLS

- **Technical:** SQL, Python, C/C++, Excel, Power BI, REST APIs, Database Fundamentals, Figma, Jira, Git/GitHub
- **Experimentation & Metrics:** A/B Testing, Hypothesis Testing, Unit Economics

EXTRACURRICULAR

- Secured **Rank 12** in Round 1 of a **case competition** organized by **IIM Ahmedabad**.
- Completed **Fundamental Analysis Bootcamp** by IIT Guwahati, covering **fundamental analysis.**
- Served as **Teaching Assistant for 4 courses**, supporting **academic instruction and student development**.
