EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.30
Rawat Public School	Class XII (CBSE)	2023	80.80%
SRN International School	Class X (CBSE)	2021	95.40%

WORK EXPERIENCE

Growth & Analytics Intern, Licious

- Rebuilt the new-user acquisition attribution logic to filter out retargeting and spam affiliate clicks, correcting **~4,000 users and ~20L revenue/month**; now runs daily in production
- Led an incrementality analysis showing reactivation conversions were attribution leakage, not campaign-driven; spend was discontinued with no drop in conversions (**~70L/month saved**)
- Built source-level dashboards tracking cohorts, conversions and spend across organic, Google/Meta and pay-per-conversion partners **(incl. InMobi)**; adopted by the acquisition team for budget and performance decisions

PROJECTS & EXPERIENCES

Content Strategy Consultant:

- Provided strategic content consulting to YouTube creators with **1.9M+** and **125K+** subscribers
- Helped grow a now 1.9M+ subscriber creator's following from **50K to 200K+** by identifying trending formats and tailoring content to evolving viewer interests

Founder, JEECutoffs

- Identified pain points in JoSAA counseling through personal experience, peer feedback and student-forum research; built and launched a web platform for browsing and filtering college cutoffs
- Grew to **100+ weekly users** in the first month through Reddit and Google search; improved filtering and usability based on user feedback

Sentiment Analysis of Customer Reviews for Travel Services

- Built a multi-category sentiment analysis tool using Naive Bayes to classify reviews across 10+ aspects.
- Designed a custom tokenizer to intelligently handle negations, compound phrases and phrase-level weighting, significantly enhancing the accuracy and reliability of multi-aspect rating predictions from textual reviews

E-Commerce Product Recommendation System

- Built a menu based product discovery tool that mimics real-world e-commerce workflows, enabling users to navigate, filter, and explore products by price, popularity and category
- Implemented core features like price filtering, ranking, and sorting using **BSTs** and heaps on **1000+** item dataset

SKILLS

Programming: C++, C, Python, SQL, HTML, CSS, JavaScript, Verilog

Data Science & ML: OpenCV, Numpy, Pandas, Seaborn, Matplotlib

Software & Tools: Trino, Metabase, Tableau, Excel, AppsFlyer, Google Analytics, Figma, Git, GitHub, Vercel, LaTeX

Analytics & Growth: Attribution Modeling, Incrementality Analysis, A/B Testing, Cohort Analysis, Performance Marketing (Google & Meta)

Creative Tools: DaVinci Resolve, Premiere Pro, Adobe Photoshop, Adobe Illustrator, Audacity, Stable Diffusion

POSITIONS OF RESPONSIBILITY

Internship & Placement Coordinator, Career Cell, IITH:

- Reached out to and pitched IIT Hyderabad to over **35+ companies**, helped onboard new recruiters and promoted internship and placement opportunities to students
- Coordinating between students and companies, ensuring smooth onboarding and communication workflows.

Public Relations & Content Core, International Relations Cell, IIT Hyderabad

- Managed the club's Instagram account (**600+ followers**), creating and curating content
- Helped organize international outreach events, including guest lectures by Japanese professors, campus visits by Japanese students, and cultural exchange sessions to encourage global collaboration and student interaction

Associate, Finance & Consulting Club, IIT Hyderabad:

- Helped plan and run HORIZON, the club's flagship event with **20+** guest speakers and **12+** competitions, featuring professionals from consulting, product management, and business domains
- Took part in speaker outreach, event scheduling, and marketing activities as part of the core team

Sound Design Lead, Filmmaking Club, IIT Hyderabad

- Contributed to **3+ filmmaking competitions**, handled audio production and post-processing
- Organized workshops and hands-on sessions in sound design and color grading.

Sponsorship Team, TEDxIITHyderabad:

- Reached out to prospective sponsors and corporate partners for financial and in-kind support opportunities
- Worked with the core team to draft sponsor materials and assist in outreach planning for potential brand partners.

EXTRACURRICULAR

Smart India Hackathon 2024

- Selected among the **top 3 teams** in IIT Hyderabad for nation level Smart India Hackathon
- Created a novel solution using ocular tomography to analyze retinal scans for early detection of eye disorders.

Inter IIT Cultural Meet 2024

- Represented IIT Hyderabad as part of the Overall Inter IIT Cultural Contingent '24
- Achieved 8th rank (from 15th) among 23 IITs in the Inter IIT Filmmaking Competition
