EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	7.90
Dr. R. P. Nath Junior College	Class XII (Maharashtra State Board of Secondary and Higher Secondary Education, Pune)	2023	82.33%
Anant Bhalerao Vidya Mandir	Class X (Maharashtra State Board of Secondary and Higher Secondary Education, Pune)	2021	95.60%

SKILLS

Programming Languages: C++, Java, Python, SQL

Backend Development: Spring Boot, REST APIs, Spring Security, JWT Authentication

Core CS: Data Structures & Algorithms, OOP, DBMS, Computer Networks, Operating Systems

Databases: MySQL, PostgreSQL, H2

Developer Tools: Git, GitHub, Azure Devops, Postman, IntelliJ IDEA, VS Code

Cloud & Deployment: AWS EC2, Linux

Machine Learning: Regression, Classification, Decision Trees, Naive Bayes, Clustering

Competitive Programming: Solved 750+ DSA problems across LeetCode, GeeksforGeeks, and Codeforces

INTERNSHIP EXPERIENCE

Software Engineer Intern -- Kotak Mahindra Bank (Jan-Jun 2026)

Java | Spring Boot | PostgreSQL | REST APIs | Azure devops

- Developed and enhanced backend services using **Java and Spring Boot**, implementing REST APIs, business logic, and database operations for internal banking applications.
- Developed and integrated a **shared backend utility library** for encryption, validation, error handling, and request tracking, reducing duplicate code by **~95%** and enabling reuse across **12+ microservices** within the team.
- Contributed to a **Document Analyser Service** for document processing and **OCR workflows**, integrating OCR services with internal banking systems.
- Implemented backend workflows for **document data processing and persistence** using PostgreSQL and internal service integrations.
- Worked with **JWT-based authentication** to secure backend APIs and manage authenticated requests.
- Used Git, Azure DevOps, Postman, and Docker for API testing, version control, and deployment workflows.

- Researched and implemented **HTML-to-PDF generation**, evaluating Playwright and other approaches under corporate environment constraints.

PROJECTS

Expense Manager: (Link to Project)

Java | Spring Boot | PostgreSQL | HTML/CSS/JavaScript | JWT | AWS EC2

- Developed a full-stack expense management application with **Spring Boot REST APIs** for expense creation, modification, deletion and retrieval.
- Designed and integrated a **PostgreSQL database** for persistent storage of user and expense data.
- Built a responsive frontend using HTML, CSS and JavaScript, integrated with Spring Boot through REST APIs.
- Deployed the application on **AWS EC2**, configuring **Nginx as a reverse proxy** to serve the frontend and route API requests to the backend.
- Applied **SOLID principles** and **Strategy, Factory, Builder and Template patterns** in a layered **MVC** design.

Customer Management System: (Link to Project)

Java | Spring Boot | Spring Security | H2 | HTML/CSS

- Developed a **Spring Boot-based customer management application** implementing CRUD operations and role-based access for customers and administrators.
- Designed backend APIs for customer management and integrated persistent storage using a H2 database.
- Implemented form-based management workflows for adding, updating, deleting, and retrieving customer records.
- Tested and validated REST endpoints using **Postman**, handling authentication and authorization workflows.

Hyderabad Transit Route Planner: (Link to Project)

C++ | Graph Algorithms | Dijkstra | STL

- Built a C++ transit routing system to find **minimum-travel-time routes across 23 Hyderabad stations** using Dijkstra's algorithm on a weighted graph.
- Implemented an adjacency-list graph with **STL priority queue**, with shortest-path computation and parent-pointer route reconstruction.
- Added **case-insensitive station validation and Levenshtein-based typo correction**, suggesting the closest match and re-prompting on invalid input.

LEADERSHIP & ACTIVITIES

Internship Coordinator: Office of Career Services, IIT Hyderabad 2025-26

- Assisting in organizing the internship recruitment process and coordinating with companies

Corporate Relations & PR Coordinator: Sci-Tech Council, IIT Hyderabad 2024-25

- Involved in managing sponsorships, external outreach, and handling public relations for Sci-Tech events.
