EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.84
Manav Rachna International School Noida	Class XII (CBSE)	2023	94.80%
GG International School Pimpri	Class X (CBSE)	2021	98.20%

RECOMMENDATION

Mr. Apoorv Sen, COO, Iconic India

"He was amazing - full of **curiosity**, energy, and a genuine eagerness to learn. What stood out most was his ability to **ask the right questions**... many of us also found ourselves **learning** from his fresh perspective and **sharp thinking**."

PROFESSIONAL EXPERIENCE

Senior Product Analyst Intern (AI Product), Media.net

- Spearheaded the 0-to-1 product design and development of **"Cypher," a multi-agent AI intent-scoring engine**, driving a **+57% Net ROI** on live CPA campaigns by isolating the top 5% of high-converting URLs.
- Replaced manual niche research with **dynamic prompt frameworks and system guardrails**, reducing product team campaign setup time by **90%** via an **autonomous LLM pipeline** that condensed execution to **under 15 minutes.**
- Designed the AI evaluation framework, conducting **structural A/B/C testing across 100,000+ URLs** to compare NLP clustering inputs, successfully boosting targetable URL coverage from **66% to 100%.**
- Optimized algorithmic ad-spend efficiency by filtering out **60% of wasted URLs**, eliminating low-intent inventory that historically consumed **40% of the budget** while yielding only **10% of revenue**.

Founders' Office Intern, Iconic India

- Diagnosed user churn and repeat purchase rates using **MoM and QoQ cohort analysis** to evaluate customer retention, uncovering a critical drop-off that threatened to exhaust the brand's premium market pool.
- Diagnosed **complex business problems** via on-site root cause analysis (RCA) to trace retention drops; mapped the **current state to a "to-be"** hub-and-spoke supply model, resolving reverse logistics and **after-market RTV issues**.

Data Analyst Intern, NeurIOT

- Owned the end-to-end system design and development of a **scalable, multiprocessing Python pipeline** to tackle a complex, ambiguous data extraction challenge, successfully retrieving key information from **40 Million+ biomedical articles**.
- Productized the underlying **IoT data infrastructure** to eliminate manual bottlenecks, delivering an automated pipeline that unlocked **rapid analytics** and empowered leadership to make **data-backed business decisions**.

POSITIONS OF RESPONSIBILITY

Head - External Invitees Committee, **Entrepreneurship Cell**, IITH

- Directed a **20+ member team** to drive **end-to-end outreach and engagement strategies** for **30+ high-profile speakers**, successfully delivering a premium stakeholder experience for the annual E-Summit.
- Facilitated seamless **cross-functional collaboration** across marketing, tech, and operations committees to eliminate operational friction and execute complex, large-scale event logistics.

Manager - Ideation Domain, **Entrepreneurship Cell**, IITH

- Conceptualized and launched "StartupX," a **0-to-1 incubator platform** applying **design thinking** and **consumer empathy** to solve early-stage friction in student founder journeys.
- Drove engagement for **500+ students** across **5+ hands-on workshops** and fireside sessions, guiding the complete **product lifecycle** from raw ideation to structured validation.

Head & **Core** Member - **Dance Club**, **Students' Gymkhana**, IITH

- Spearheaded the end-to-end execution of **10+ large-scale competitions**, including managing strategy and cross-functional logistics for the **Inter-IIT cultural competition**.
- Conducted **30+ dance sessions** across multiple styles, applying deep **empathy** to adapt training for diverse skill levels (beginner to advanced).
- Built sustainable club operations by proactively **mentoring junior members**, training them to autonomously host events and facilitate future sessions.

Placement Coordinator, **Office of Career Services**, IITH

- Spearheaded **B2B strategic partnerships** to onboard enterprise recruiters for management roles, demonstrating high **resourcefulness** in managing complex **stakeholder communication** and end-to-end placement logistics.

PROJECTS

Detailed Business Case & Growth Strategy: Blue Tokai - The Palate Passport

- **TAM Expansion Strategy:** Designed an entry strategy to capture the **~45M Gen-Z student market**, optimizing for early habit formation and **25-year Customer Lifetime Value (CLV)** without diluting premium brand equity.
- **Product Conceptualization:** Conceptualized the "Palate Passport," an **.ac.in-verified app** ecosystem replacing flat discounts with gamified Discovery Streaks and free roast upgrades to educate consumer taste.
- **Omnichannel User Journey:** Solved in-cafe **dwell time friction** by integrating digital utility perks, such as in-app quiet zone reservations and priority Wifi access, bridging offline footfall with **online retention**.
- **Funnel Metrics & Guardrails:** Established **90-Day Cohort Retention** as the North Star metric and structured a 3 phase rollout designed to keep **blended CAC under 250** while strictly protecting gross margins.

SKILLS AND COURSES

Technical & Presentation Tools: Python, SQL, MS Excel, MS PowerPoint, Cursor, LLM Prompt Architecture

Product & Analytical Skills: 0-to-1 Product Strategy, First-Principles Thinking, A/B/C Testing & Experimentation, Cohort & Funnel Analysis, Consumer Empathy

Relevant Coursework: Multi-Agent Systems, Foundations of Machine Learning (FOML), Reinforcement Learning, Deep Learning, Innovation Management, Decision Modelling, Introduction to Sales and Marketing, Visual Analytics
