EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.00
Doon Internatinal Public School	Class XII (Gujarat Secondary and Higher Secondary Education Board)	2020	70.46%
Doon International Public School	Class X (Gujarat Secondary and Higher Secondary Education Board)	2018	87.67%

WORK EXPERIENCE

Software Engineering Intern - DISHA, IIT Hyderabad

- Built backend logic to manage complaint ticket status, including status changes, access control, and automatic closure of resolved tickets.
- Added ticket forwarding and escalation between hostel maintenance desks, with different access for students, maintenance desks, and wardens.
- Improved API security by moving access checks for internal staff comments to the backend and preventing unauthorized access.
- Added queue-based email notifications and wrote automated tests using pytest for key ticket workflows.

PROJECTS

RAG Knowledge Assistant | Python, LangChain, FAISS, Ollama, Streamlit

- Built a **document Q&A application** using **Retrieval-Augmented Generation (RAG)** to answer questions from uploaded PDF documents.
- Implemented **document chunking, embeddings, and FAISS-based similarity search** to retrieve relevant document sections and provide context to the LLM.
- Integrated **Ollama for local LLM inference** and developed a **Streamlit interface** for document upload, interactive Q&A, and source display.

KPI Storytelling Engine | Python, Pandas, Scikit-learn, Ollama, Streamlit

- Built a **KPI analytics tool** to analyze business metrics and generate **concise, actionable insights** from data.
- Used **Pandas and Scikit-learn** for data processing, KPI analysis, and identifying important **trends and changes**.
- Integrated **Ollama** to convert KPI findings into **natural-language explanations** and developed a **Streamlit dashboard** for interactive analysis.

Stocks Analysis Using Time-Sequential Data Warehousing | Python, MySQL, SQL, XML

- Designed a **time-series stock data warehouse** using a **star schema** to store 1-minute OHLCV data and compute **SMA-20, EMA-9, and VWAP** indicators.
- Developed an **XML-configured ETL pipeline** for automated **data ingestion, validation, schema management,** and **sliding-window processing**.
- Implemented **OLAP roll-up** and **drill-down** using pre-materialized **cuboid tables** and built a dashboard to analyze **trading volume** and **moving-average trends**.

POSITIONS OF RESPONSIBILITY

Teaching Assistant | IIT Hyderabad

- Assisted students in courses **Introduction to Programming, DBMS, and Operating Systems**, supporting labs, assignments, and technical queries.
- Evaluated **assignments and vivas**, resolved course-related doubts, and assisted with **examination invigilation**.

Coordinator | Finance & Consulting Club | IIT Hyderabad

- Managed and updated the club website and web content for events and student activities.
- Assisted in planning club activities and engaging students through events and initiatives.

Teaching Assistant | DBMS & Operating Systems | Ahmedabad University

- Assisted students during lab sessions by resolving doubts and guiding them through practical exercises.
- Assisted in conducting examinations and evaluating answer scripts.

SKILLS

Programming & Database: C, C++, Python, SQL, MySQL, SQL Server

Data Analysis & ML: NumPy, Pandas, Scikit-learn, Regression, Classification, Clustering, PCA, NLP, Model Evaluation

Deep Learning & GenAI: TensorFlow, PyTorch, RNN, LSTM, Transformers, Ollama

Visualization & Tools: Matplotlib, Seaborn, Plotly, Power BI, Tableau, Git, GitHub, Jupyter, Google Colab, Excel

EXTRACURRICULAR

Professional Development: Selected for the McKinsey.org Forward Program (Oct 2026 - Present), a 10-week program focused on structured problem-solving, effective communication, adaptability, and Digital & AI Essentials.

Campus & Competitions: Supported OCS Club activities including Career Day and examination proctoring and also participated in hackathons and technical competitions.

Sports: Participated in Milan (Inter-Hostel Competition) in Lawn Tennis and Badminton, along with various sports events during undergraduate studies.

RELEVANT COURSES

Foundations of Machine Learning, Deep Learning, Probability and Statistics, Fraud Analytics, Database Management Systems, Data Structures and Algorithms, Operating Systems, Object-Oriented Programming

HOBBY AND INTERESTS

Cricket, Badminton, Lawn Tennis, Swimming, Stand-up Comedy, PC & Mobile Gaming
