EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.04
Delhi Public School	Class XII (CBSE)	2020	80.17%
Delhi Public School	Class X (CBSE)	2018	87.60%

PROJECTS

AdhyaanAI: Personalised Patient Education Content Generator | M.Tech Thesis

- **Diagnosed a** patient comprehension gap by conducting structured **interviews and** a survey of **75 doctors**
- **Designed** a doctor-initiated solution: a **RAG system** grounding AI-generated patient explanations in a curated speciality corpus
- **Architected an end-to-end RAG pipeline** (Python, scikit-learn, LangChain, ChromaDB, LLM APIs, Streamlit, FastAPI, WhatsApp Cloud API) for a vernacular-language patient education system
- **Prioritised source traceability** over fluency in the generation design, **mitigating hallucination** risk in AI-generated medical content

HealthifyMe vs. MyFitnessPal | NLP-Driven Product Intelligence

- **Processed 716000+ reviews** through a reproducible pipeline for language detection, cleaning, sentiment tagging & stratified sampling
- **Analysed 69000+ reviews** using **BERTopic**, surfacing **59 vs. 28 complaint topics** across HealthifyMe & MyFitnessPal
- **Benchmarked VADER against transformer sentiment**, identifying an **8.5pp negativity gap** and **4.7× directional bias** on ironic reviews
- **Translated** insights into prioritized **product improvements** for both apps

Indian Honey Market | Competitive & Strategic Analysis

- **Mapped a 25B+ Indian honey market**, profiling **15+ FMCG, D2C & regional players** across pricing, positioning and channels
- **Analysed the NMR-driven trust gap** following the 2020 adulteration investigation, identifying **testing transparency as a key differentiation lever** for emerging brands
- **Identified premiumization opportunities** in monofloral honey, with products commanding **30-200% price premiums** over table honey

POSITIONS OF RESPONSIBILITY

Sunshine - The Counselling Cell of IIT Hyderabad | Star Performer Awardee

Head PG Mentor

- **Led PG mentor recruitment** by **conducting 45+ structured interviews** to select and onboard a **31-member mentor cohort**
- **Owned mentor-mentee matching for 750+ students** across **15 groups**, designing a structured matching framework
- **Led onboarding and training** for the mentor cohort, **standardising orientation logistics** for the incoming freshers' batch

PG Buddy

- Delivered 1:1 academic and personal-development guidance to multiple postgraduate students
- Co-led planning and execution of event logistics, prize curation, and workshops reaching 100+ students

MSME Tech Connect 2026 | Head- Visitor & Exhibitor Relations

- **Led a team of coordinators** to manage visitor and exhibitor relations at a **1000+** attendee national event
- **Managed stakeholder coordination** across startup founders, exhibitors & delegates, addressing operational

requirements and resolving escalated issues
- **Directed exhibitor engagement** across stalls, enabling connections with visitors and key delegates

ACHIEVEMENTS & EXTRACURRICULARS

Tongali India-Japan Entrepreneurship Pitch Competition | Winner

- **Led** India-market **GTM strategy and competitive analysis** to adapt a Japanese start-up for **Indian customer needs**
- **Collaborated with a Japanese team** to develop and **pitch the India launch strategy**, winning the competition among IITH teams

The Ken's Case-Build Competition 2026 | Top 20% Nationwide

- **Identified a key habit-formation** insight through **user interviews & surveys**
- **Designed a voice-first** AI planning and accountability agent on Gnani, Pine Labs and Delhivery APIs to address user pain points

India-Japan Innovation Project | Shimane University × Ehime University

- **Built** a working solution in **4** days to address a shared problem statement across **India and Japan**
- **Collaborated** with teams from **Shimane & Ehime Universities** to ideate, prototype and pitch the solution

SKILLS

Technical: Python, C++, SQL, Machine Learning, NLP, LangChain, LangGraph, RAG pipelines, Git, GitHub, FastAPI, Docker

Product and Strategy: Product Thinking, Go-to-Market Strategy, Design Thinking, A/B Testing, Market and User

Research

Tools/Frameworks: Claude Code, Notion, Jira, Tableau, Orange Data Mining, MS Excel, Lucidchart, Canva, LaTeX, MS PowerPoint

RELEVANT COURSES

- Strategic Management, Design Thinking, Text Analytics, Machine Learning, Network Security, Innovation Management, Operational Entrepreneurship, Finance and Accounting, Entrepreneurial Marketing

HOBBIES AND INTERESTS

MMA | **Gaming** | **Travel** | **Squash** | **Metal & Rock Music**
