EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.07
Carmel Girls HSS, Vazhuthacaud, TVM, Kerala	Class XII (State board)	2019	76.75%
Nirmala Bhavan Girls HSS, Kowdiar, TVM, Kerala	Class X (State board)	2017	93.33%

EXPERIENCE

AI Intern | Keltron, Trivandrum [Aug 2021]

- Researched AI applications and executed technical literature analysis across **20+** research papers to derive data insights for project development.
- Produced technical documentation mapping system requirements for data-driven execution.

Machine Learning Intern | SmartKnower, Bangalore [Aug 2020 - Sep 2020]

- Engineered supervised machine learning classification models using **Python**, **TensorFlow**, **Keras**, and **Scikit-learn**.
- Developed automated data preprocessing pipelines leveraging **Pandas** and **NumPy** to clean **10,000+** data records and optimize model performance by **15%**.

POSITIONS OF RESPONSIBILITY

Campus Brand Ambassador

Directed comprehensive digital marketing initiatives to scale technological education outreach across a massive prospective student demographic.

- Spearheading institutional representation efforts, executed targeted digital advertising campaigns encompassing over 250,000 prospective learners to maximize brand engagement and event participation.
- Analyzing comprehensive user feedback metrics to continually refine outreach strategies, optimized the digital marketing pipeline to successfully achieve an 18% improvement in overall campaign conversion rates.

President

Directed a 2,000-member women's club and a 40-member execution committee to manage a 1 million INR budget for campus empowerment programming.

- Maximizing institutional engagement for 2,000 members, allocated a 1 million INR budget to execute 26 programs, including a 7-speaker business summit that secured 200+ participants.
- Championing intersectional diversity, orchestrated non-binary rights protests and instituted a gender-neutral campus bench to successfully deliver targeted empowerment initiatives to 2,000 attendees.

Modelling Head

Directed the official fashion society at IIT Hyderabad by overseeing model training, event choreography, and competitive strategy.

- Orchestrated comprehensive runway training for a 200-member roster while exclusively managing 20 core models across 10 high-profile fashion events and photoshoots to elevate institutional representation.
- Directed the society's competitive performance strategy against top national institutions, culminating in a 3rd-place finish at the Inter-IIT Cultural Meet and a 2nd-place standing at the BITS Hyderabad showcase.

PROJECTS

Diffuse Optics Sensing - M.Tech Thesis [Ongoing]

- Designed a custom optical acquisition hardware setup for deep-tissue characterization studies.
- Processed sensor streams in **MATLAB**, achieving **94%** signal retention across **40+** experimental trials.

Biomedical Imaging - MLEM Reconstruction

- Programmed an iterative MLEM algorithm in **MATLAB** using Poisson statistical modeling, accelerating image convergence speed by **25%** with a **22%** higher signal-to-noise ratio.

Self-Driving Autonomous Vehicle

- Integrated **Raspberry Pi** and **Arduino UNO** microcontrollers to process real-time camera streams.
- Deployed **OpenCV** path-planning algorithms for **95%** obstacle detection accuracy at **15 km/h** with **<50ms** latency.

RealMIP - ICU Clinical Predictive System

- Engineered a time-series prediction model in **Python** using missingness-aware features and **Pandas** pipelines, increasing ICU mortality prediction accuracy to **88%**.

SKILLS AND RELEVANT COURSES

Technical Skills: Python, SQL, C++, MATLAB, Excel, Pandas, NumPy, Scikit-learn, TensorFlow, Keras, OpenCV, Machine Learning, Neural Networks, Data Analysis, CAD Modelling

Soft Skills: Leadership, Analytical Thinking, Problem Solving, Stakeholder Management, Critical Thinking, Communication, Data Interpretation

Relevant Coursework: Foundations of Machine Learning, Artificial Intelligence in Healthcare, Biomedical Imaging, Accident & Emergency Informatics, Sensors & Transducers in Healthcare

EXTRACURRICULAR AND ACHIEVEMENTS

Modelling: Active runway **Model** representing IIT Hyderabad; awarded **3rd prize** at **Inter IIT Fashion Show** Competition & **2nd prize** at BITS Fashion Show Competition.

Sports: 1st prize in Powerlifting, 2nd Prize in Weightlifting at college sports competition.
