EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	8.23
Disciplined Disciples International School	Class XII (CBSE)	2023	91.80%
St. Francis Convent School	Class X (ICSE)	2021	95.80%

WORK EXPERIENCE

Product Management Intern | Country Delight

- **Designed and deployed** 2 A/B-tested product interventions after identifying a Calendar-only user cohort through SQL, MoEngage, and CRM funnel analysis, contributing **10L+ incremental revenue** in 2 months.
- **Developed** a personalized recommendation engine using RFM segmentation, User/Segment/Category scoring, and Impression Decay; developed a **LinUCB contextual-bandit** scoring approach in Python, reducing recommendation latency from **24 hours to <2 min.**
- Synthesized insights from **50+ user interviews** to identify product discovery, pricing, and pack-size pain points, translating findings into product and UX improvements.
- **Co-authored 5+ PRDs** for personalized bundles, cart-threshold incentives, bestseller discovery, and quick-order experiences using behavioral and competitive research.

Business Growth & Product Intern | Dyna Writing Instruments & Techgyan

- **Improved digital acquisition through GA and keyword analytics**, increasing organic traffic by **20%+** through SEO optimization and data-driven content strategy.
- **Researched and evaluated AI chatbot and automation solutions** including Voiceflow, Chatbase and AI Engine Pro, assessing use cases and implementation requirements for customer-facing workflows.
- **Coordinated website and program operations across 5+ technical workshops**, managing schedules, website updates, and stakeholder requirements to support end-to-end program execution.

Research Intern | Department of Entrepreneurship & Management, IIT Hyderabad

- Conducted literature review, market analysis & Fortune 500 case studies on **front-end innovation and corporate intrapreneurship**.
- Synthesized research findings into **actionable frameworks** for evaluating corporate innovation and sustained competitive advantage, under the guidance of Dr. Nakul Parameswar and Mr. Srinivas Rao Dengeti (Senior Director, Engineering, Honeywell).

PROJECTS

FairSlot | Agentic AI-Based Fair Allocation System | link

- **Designed a multi-agent slot-booking system** for scarce shared resources: personal and group agents turn free-text requests into validated preferences, and a no-LLM weighted-lottery allocator uses carry-over fairness credits to decide who gets a slot.
- **Eliminated shut-out in simulation:** across 200 residents over 60 days with 30% bots, shut-out fell from 50% under first-come-first-served to 0% and **made the system reliable for real use** by adding schema validation, a rule-based fallback, and code-side normalization after live testing exposed LLM parsing failures.

Dr.DB, AI-Assisted PostgreSQL Optimiser | Product Space Hackathon | link

- Built an **AI-assisted PostgreSQL optimisation tool** integrating **SQLGlot**-based query analysis, deterministic Query Health scoring, and **LLM-generated query/index recommendations** through an interactive Streamlit application.
- Established trust in **AI-generated recommendations** by validating **LLM output** for syntax and schema consistency, scoring expected impact with **a deterministic heuristic** instead of LLM claims.

E-Commerce Growth & Retention Diagnostics | Olist Marketplace | link

- **Analyzed 99K+ orders using SQL, Python, and Power BI**, evaluating revenue, AOV, repeat purchases, and

category-level trends to identify growth and retention opportunities.
- Identified **631% revenue growth despite 3.12% repeat purchases**, recommending cohort reactivation and category-level retention strategies.

ML-Based Diffusion Model for Topology Optimization | Prof. Surendra Nath Somala, Civil Department

- Developed and tuned a conditional diffusion model for structural topology optimization under noisy and incomplete boundary conditions.
- Benchmarked generative performance against a CNN baseline across varying input-corruption levels (**IoU 0.13-0.71**), identifying complementary failure modes and developing a confidence-weighted ensemble to improve worst-case prediction reliability with no additional inference cost.

Portfolio: Complete overview of my projects, experience, achievements, and interests. | **View Portfolio**

POSITIONS OF RESPONSIBILTY

Manager, Corporate Relations & Finance | E-Cell, IIT Hyderabad

- Drove **30L+ in sponsorship revenue**, developing frameworks to evaluate sponsorship ROI and partnership performance.
- Contributed to securing collaborations and MoUs with **50+ VCs and 400+ startups**.
- Secured and managed partnerships with Masters' Union, Innomet, NPCI, and Amazon.
- Played a key role in driving **3X YoY growth** in E-Cell activities and engagement in 2023-24, sustaining it through 2024-25.

Coordinator, Public Relations | Elan&nVision, IIT Hyderabad

- Led a **12-member team** across outreach and social media initiatives, collaborating with The Face Magazine and Hindustan Times to drive **10,000+ registrations** and **4,000+ on-ground attendees** for Elan & nVision 2025.
- Grew social media following by **2,000+** through targeted content and engagement initiatives; led website content strategy and execution, coordinating cross-functional efforts to strengthen event visibility and digital reach.

SKILLS

Programming & Data: SQL, Python, C++, PostgreSQL, Pandas, Advanced SQL, A/B Testing, Cohort Analysis, RFM Analytics

AI/ML & APIs: Machine Learning, Recommendation Systems, Contextual Bandits, OpenAI API, FastAPI, JSON

Product & Technology: Product Management, Product Analytics, PRDs, Agile, Jira, Figma

Analytics: Power BI, MoEngage, Google Analytics, CRM Analytics, SEO Analytics

EXTRACURRICULAR

- **National Finalist |** EY CAFTA Case Championship 2025
- **Finlatics Stock Market Analyst Project |** Managed a **virtual equity portfolio**
- **Runner-up |** Finance & Consulting Campus Case Challenge, IIT Hyderabad
- **Runner-up |** Mad Over Marketing, Milan 2023
- **Silver Medalist |** NSO English Olympiad
- **Core Member |** Books & Movies Club, IIT Hyderabad; contributed to **club activities, event planning, and community engagement**
