EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	6.98
narayana junior college	Class XII (Telangana State Board of Intermediate Education)	2022	88.70%
narayana	Class X (Board of Secondary Education Telangana)	2020	10.00%

WORK EXPERIENCE

Construction Project Management Trainee, Amar Raja Infra [Jun '26 - Jul '26]

- **Assisted in analyzing ambiguous project requirements**, translating engineering drawings and site constraints into practical construction requirements under guidance from the project team.
- **Compared cast-in-situ and precast construction approaches**, evaluating cost, execution time, labour, logistics, and constructability to support the team's assessment of alternative methods.
- **Reviewed engineering drawings against on-site conditions**, identifying potential gaps between design intent and field requirements and discussing observations with construction and design teams.
- **Assisted with quantity take-offs** for trenches, foundations, pedestals, columns, and associated slabs to support project planning and estimation.
- Worked alongside the **construction manager and design team**, observing how technical constraints and competing project requirements were evaluated during live project execution.

POSITIONS OF RESPONSIBILITY

General Secretary - Student Gymkhana, IIT Hyderabad | 2025-26

- Represented the student community and coordinated with **student representatives, clubs, faculty, and institute administration** to identify and address student requirements and execute campus-wide initiatives.
- Led the **Canteen Monitoring Committee (CMC)** overseeing **25+ campus food outlets with a 45-member inspection and technical team**, using **student feedback and demand trends** to monitor pricing and service quality, introduce new products, discontinue low-demand offerings, and contribute to **vendor evaluation and finalization**.
- Introduced a **centralized portal for students to report hostel-related issues**, streamlining the reporting and resolution process to improve **transparency, accountability, and resolution turnaround time**.
- **Resolved student-facing operational issues** by coordinating with students, vendors, and institute administration, translating student feedback into **actionable solutions** while navigating operational and institutional constraints.

Overall Coordinator - DIESTA, IIT Hyderabad | 2025-26

- Led the **end-to-end planning and execution of DIESTA**, coordinating **8 teams with a total strength of 86 members** across sports, cultural events, logistics, and operations while managing **2,000+ active student participants throughout the event**.
- Managed cross-functional operations involving **vendors, institute administration, student teams, facilities, finance, and event logistics**, ensuring timely execution across multiple concurrent events.
- Identified strong student demand for **Boxing, Kickboxing, and Kabaddi** through multiple rounds of student feedback, secured the necessary institute approvals to conduct these tournaments **for the first time at IIT Hyderabad**, and successfully established them as **distinct student activities with dedicated clubs and identities that continue to operate successfully**.
- Led teams through **real-time operational challenges, last-minute changes, and competing stakeholder requirements**, ensuring continuity of events under tight timelines.

PROJECTS

Construction Progress & Cost Analysis

- Analyzed construction data using **SQL and Python** to track project progress, budget utilization, delays, risks, and reported issues.
- Developed **budget efficiency and delay metrics** to identify cost overruns and delay-prone project stages.
- Used **statistical analysis and hypothesis testing** to compare budget utilization across different project risk levels.
- Visualized relationships between **progress, cost, delays, and issues** to generate actionable insights for project monitoring.

E-Commerce Sales & Customer Analysis

- Analyzed e-commerce transaction data to identify **sales trends, customer purchasing patterns, and product performance**.
- Used SQL to calculate **monthly revenue, average order value, top-performing products, and regional sales**.
- Cleaned and analyzed transaction data using **Python and Pandas**.
- Created visualizations to compare **product categories and monthly sales performance**.
- Added a basic **customer segmentation analysis** based on purchase frequency and spending.

SKILLS

Product & Problem Solving: User Research, Consumer Insights, Problem Identification, Product Improvement, Decision Making.

Leadership & Collaboration: Leadership, Stakeholder Management, Cross-functional Collaboration, Negotiation, Conflict Resolution.

Execution & Operations: Project/event Management, Process Optimization, Operations Management, Vendor Management.

Technical: Python, SQL, Data Analysis, Artifical intiligence and machine learning Fundamentals, Excel, Prototyping.

RELEVANT COURSES

Relevant Coursework: Artificial Intelligence, Business Analytics using Python, Marketing Research, Statistics, Probability, Linear Algebra, Calculus I & II, Programming, Entrepreneurship, Visual Analytics.

Mathematics & Analytics: Calculus I & Calculus II, Linear Algebra, Probability, Statistics, Business Analytics using Python.

EXTRACURRICULAR

Initiated and introduced Ganesh Chaturthi celebrations at IIT Hyderabad for the first time, independently driving planning, coordination, and execution; continued to organize and lead the celebration annually for three years.

NSS & Community Engagement: Participated in public service, environmental and health drives, old-age home outreach, and **Akshara Daan** educational initiatives with school students.

Best Goalkeeper Award -- Institute Hockey League, IIT Hyderabad. **Silver Medalist --** Kickboxing, Heavyweight Category.

Interests: Horse Riding, Motorcycling, Flute, Wall Painting.
