EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	7.32
Gandhi city junior collage	Class XII (Maharashtra State Board Of Secondary and Higher Education)	2021	93.33%
alphonse sr. sec school	Class X (central board of secondary education)	2019	85.40%

INTERNSHIP

Dunkit -- Full-Stack & Mobile Engineering Intern | Japan

- Built and localized mobile application interfaces using **Flutter**, developing reusable components and interactive product features for Indian and Japanese markets.
- Integrated **Stripe Elements** to support payment workflows and connect application components with external APIs.
- Implemented **AI-powered content localization workflows** for the Japanese market.
- Collaborated across design and engineering workflows to translate **Figma design systems into reusable, production-ready components**.

SKILLS

Languages: Python, C++, TypeScript, JavaScript, SQL, HTML, CSS

Web & Backend: React, Next.js, Node.js, FastAPI, REST APIs, Tailwind CSS

AI/ML: Machine Learning, Deep Learning, PyTorch, TensorFlow, NLP, LLMs, RAG, Agentic AI,

Databases: PostgreSQL, SQL, DBMS, ChromaDB, Vector Databases

Core CS: Data Structures & Algorithms, OOP, Operating Systems, Computer Networks, Computer Architecture

Software Engineering: Git, API Development, Debugging, Modular Design

Collaboration: Requirement Gathering, Problem Solving, Stakeholder Communication, Cross-Cultural Collaboration

PROJECTS

TravelBrain -- Multi-Agent AI Travel Planner

- Built a **multi-agent AI travel planner** that converts natural-language trip requirements into personalized flights, hotels, weather insights, itineraries, and budget recommendations.
- Integrated **Groq LLMs with specialized agents and external APIs** including Tavily, AviationStack, and OpenWeather for automated travel research.
- Developed a **PostgreSQL-backed conversational workflow** to save trips, maintain context across follow-up questions, and refine travel plans.

Medical AI Chatbot -- LLM & RAG Strategy Evaluation

- Developed a medical Q&A chatbot using **Llama 3.3 70B via Groq**, grounded in **PubMed abstracts** for domain-specific responses.
- Implemented and compared **4 architectures**: Single LLM, Single RAG, Multi-Turn LLM, and Multi-Turn RAG using **ChromaDB**.
- Built **FastAPI APIs** for RAG retrieval, multi-turn conversation memory, session management, and chatbot interactions.

- Designed an **evaluation pipeline using BERTScore** and **Sentence Transformers** to quantitatively compare response quality across the four strategies.

Job Portal System -- Full-Stack Web Application

- Developed a **full-stack Job Portal System** enabling job seekers to create profiles, browse openings, submit applications, and track **application status**.
- Implemented **employer workflows** for posting jobs, reviewing applications, and managing candidates through a centralized platform.
- Designed **structured database workflows** for user profiles, job listings, and applications, emphasizing **s**ecure and efficient data management.
- Collaborated in a **4-member development team** to design, implement, test, and integrate application modules.

POSITIONS OF RESPONSIBILITY

Head Positions - Competitions Head **| Elan & nVision (Techno Cultural Fest)**

Coordinator Positions - Inbound Coordinator **| International Relations Cell ||** Culti & Biggies Coordinator **| Elan & nVision ||** Design coordinator **| EBSB ||** PR & Outreach **| Tinkerers' Lab ||** RDM Core | **Rang de Manch**(Dramatics Club)

Representative Positions - Hostel Representative

RELEVANT COURSES

Core Courses: Intro to Programming, Software Development Fundamentals, Data Structures, Algorithms, DBMS I & II, Compilers I & II, Operating Systems, Computer Architecture, Theory of Computation, Software Development .

Math Courses: Linear Algebra, Probability and Random Variables, Transform Techniques, Calculus, Statistics.

Other: Japnese Language and Culture ,Intro to Computing, Intro to Artificial Intelligence, Digital Circuits, Basic Electrical Engineering, Intro to Entrepreneurship, Communication Skills, Digital Fabrication.

EXTRACURRICULAR

- Represented IIT Hyderabad at the **Inter-IIT Cultural Meet** '24 in Dramatics , contributing to the institute's cultural contingent.
- Coordinated event operations and crowd management for 40,000+ attendees during the **annual techno cultural fest**.
