EDUCATION

Institution	Degree / Board	Passing Year	Score / CGPA
Indian Institute of Technology Hyderabad	B.Tech	2027	7.12
LZEBRA PUBLIC SCHOOL	Class XII (CBSE)	2023	92.40%
Narayana E- Techno	Class X (CBSE)	2021	92.00%

WORK EXPERIENCE

Product & Growth Intern - Nurix AI (now NuPlay)

- Conceived **Agent Builder**, an internal AI platform, and ran its **product management**: it turns a brand's website into a ready crew behind **4 quality gates**, cutting setup from **5 days** to **30 minutes; it** then carried **7 later engagements**.
- Delivered **53 conversational AI bots** into client demos for **27 companies** across **18 industries** and **7 languages**, including a top Indian hotel chain, the airline with Latin America's largest international network and a major conglomerate.
- Owned an ambiguous coverage question through structured problem-solving, auditing **2,140 deals** and **2,843 accounts** to surface an **untapped vertical** and the CRM defects hiding it.
- Traced a **19-day outage** in an electronics retail prototype to a credential expiring every 24 hours while the console showed healthy; **re-pointed 16 tool bindings** and added monitoring that **alerts 3 times daily.**
- Engineered a **3-party hold-and-verify** booking flow for that hospitality group: while the guest waits, a relay caller phones the property and returns confirmation or relocation; also launched **Danish, German and Dutch** housekeeping voicebots.
- Probed releases over **80 recorded calls**, classifying **12 faults by mechanism**; **ran 53 bilingual test scenarios** for a leading Chennai-based lender (NBFC).
- Authored pitch decks adapting the world cricket governing body's fan-engagement case for **3 US sports leagues**, plus solution **mockups for 13 US enterprises** and an acquisition study of a financial-services firm.
- Rewrote prompts from **XML into DSL** state machines, wired Shopify and Salesforce integrations, and introduced **post-call QA** metrics across **18 showcase deployments.**
- Guided **4 interns**, presented in **8 client meetings**, and collaborated with **10 domestic peers** on **25 mandates**.

Strategy & Business Intern - RU Skilled (Kyrion Technologies)

- Grew organic **traffic 40%** through **SEO campaigns** and **landing pages**, lifting user **acquisition 25%**.
- Streamlined **workshop operations**, improving **delivery efficiency 30%** and **widening market reach 20%**.

Marketing Intern - PicaPool

- Segmented **target audiences** and **pitched advertising campaigns** that sharpened **brand positioning** for a **student-discount marketplace**.

PROJECTS

Portfolio: https://shikhar-kansal.vercel.app/

The Ken Agentic Fintech Case - Hisaab

- Advanced to Round 2 of a 20L competition, pairing first-principles thinking with consumer empathy: an Android UPI peer-payment tracker grounded in 1,345 personal transactions and a 26-student survey where 73% avoid viewing balances.

ARIA - Real-Time Voice Avatar (personal project)

- Conceived and shipped a browser **companion** that listens, reasons and speaks back in real time, with a **3D avatar that moves while it talks.**

Automated Financial Statement Analysis - Nurix Hackathon

- Led a **2-person build** over a **5-day hackathon**, turning a company **annual report** into a **working valuation model**

with **ratio analysis** and **discounted cash flow**.
- **Insisted verification** be a separate stage after finding the reader misread figures in long filings, so the model checks that the balance sheet balances before publishing.

EY CAFTA Case Championship - Team Treasury360 (**https://n92hmk.csb.app**)

- Reached Finalist on a **two-person team** on the f**inancial risk and liquidity track.**
- Led the **risk and treasury redesign** for a multinational, modelling centralised cash pooling that unlocked **INR 37.2 crore** a year by improving interest returns and removing costly external borrowing.
- Quantified **currency risk across geographies**, including **Nigeria, and proposed dynamic hedging.**
- Proposed **AI-driven forecasting** and **multi-currency liquidity management** to make cash flow more predictable in volatile markets.

LEADERSHIP & ORGANIZATIONAL EXPERIENCE

Corporate Relations & Finance - Entrepreneurship Cell, IIT Hyderabad

- Progressed from **Assistant Manager to Manager to Head**, directing planning for budgets above **INR 40 lakh** and setting the **framework** used to **judge sponsorship return**.
- Secured partnerships with **Masters' Union**, **Innomet**, **NPCI** and **Amazon**, running negotiation end to end and holding the accounts afterwards.

PR & Marketing Coordinator - TEDx IIT Hyderabad

- Ran **multi-platform campaigns** and **event branding** that lifted attendance and campus reach.
